MORE PARADE UNITS LISTED FOR TONIGHT

The number of organizations planning to participate in this evening's Halloween parade here continues to increase. J. William Ditzler, general chairman for the event, reported this morning.

So far 20 floats, eight bands and 15 marching units have signified intention to participate. In addition the committee hopes "thousands" of youngsters and adults will garb in outlandish costume to take part as individuals in the competition.

The parade will form in the Springs Ave. area at 6:45 o'clock and move at 7:30. The procession will move east from Springs Ave. on Chambersburg St. to Lincoln Square, then will turn south past the judges' stand at the Adams County National Bank to Baltimore St. The parade will turn west on W. Middle St., ending in the Howard Ave. area. Participants are asked to stay in the parade until past West St. because of traffic detours set up by police.

TO DISTRIBUTE PRIZES

The first division will form in the first block of Springs Ave., the second division on Reynolds Ave., between W. Middle St. and Springs Ave.; the third division on the third block of Springs Ave. and the fifth division on Hay St. between W. Middle St. and Springs Ave.

Charles W. Culp Jr., for many years the marshal for the annual Halloween procession this year will travel "in style," the committee promises, as the "grand marshal emeritus" of the parade.

The judges will announce the prize winners at The Gettysburg Times office on Carlisle St. as soon as possible after the parade and give out the prizes there. It is hoped that representatives of the entries will be present to receive the awards.

RESEARCH ON RETARDATION SEEKS CAUSES

The importance of the research program being undertaken by the National Association for Retarded Children was emphasized by Dr. Gordon H. Prithim, president of the state association, at the fund drive kickoff dinner of the Adams County unit Tuesday evening at the Day Care Center on E. High St.

Dr. Prithim spoke first of national and state legislation and their effects on retardates in this state and the nation and then devoted the remainder of his talk to a description of the research work being financed by funds of the national Association for Retarded Children. Some of the funds to be raised in the campaign being launched in the county goes toward that research project. He said the scientific investigations by the national organization place emphasis on prevention of retardation. He told of progress being made in discovering the causes, cures and steps toward prevention.

The talk followed a brief business session at which plans were discussed briefly for a rummage sale in February. The possibility of a day camp next summer for the youngsters of the day care center was considered also.

The speaker was introduced by Miss E. Elizabeth Rutledge, supervisor of special education in Adams County. Dr. Prithim, who is a professor of physiological chemistry at Pennsylvania State University, is a holder of the Benjamin Rush award from the Center County Medical Society.

Evers P. Rinehart, president of the county unit of the Pennsylvania Association for Retarded Children, presided during the evening.

About 35 members of the county chapter and members of the Day Care Center staff attended the meeting and the covered dish supper that preceded it.

In many instances mothers hovered not far away to see that the tiny tots got across streets safely and came home at a reasonable time. Residents of the town seemed well supplied with candies and fruit to help the tiny "tricksters" fill their "swag bags."

JURY CLEARS PLUMBER IN TRAILER FIRE

An Adams County jury this morning decided that a plumber's torch did not start the fire that practically destroyed the trailer home of Miss Nettie Myers, near East Berlin, last December.

Returning after a 45-minute deliberation, the jury at 10:40 found "in favor of the defendant" in the trespass suit brought by Miss Myers against Stewart Miller, East Berlin R. D., plumber.

Testimony by both sides revealed that Miss Myers found plumbing at her trailer frozen last December and asked Miller, a plumber and a neighbor, to thaw out the frozen pipe.

THAWS PIPE

Miller crawled under the trailer and found that the water had frozen in a valve. He applied the flame of a torch to the valve for about 10 seconds to thaw the frozen area. In the course of the work he had removed some insulation from the pipe. Miller then noticed what appeared to be a glow coming from an overflow drain pipe about six inches from where he had been working. Inside the pipe was a wire carrying current from the poles outside into the structure. Miller said he put his finger into the pipe thinking dust might have caught fire and received a shock. The glow seemed to go out, then began again and, believing there was a fire, he went into the house, poured water into the area where the fire seemed to be, had Miss Myers call the firemen and with a neighbor continued to pour water on the blaze until firemen arrived.

A portion of the wiring which entered the overflow pipe was submitted as evidence by Albert Dudrar Jr., York electrical engineer. Dudrar showed a section which he said was charred where the wire entered the overflow pipe. Miller said he had looked at the wire while under the trailer and at that time said it was "frayed."

Alfred LeVan Jr., local plumber, testified the type torch used by Miller in thawing the pipe was the type generally used by plumbers for such work and that the work of thawing as described by Miller was the general practice of plumbers.

Dudrar and Miller both testified there was no evidence of fire under the trailer.

Attorney Donald G. Oyler, representing Miller, argued that Miller was in the "unfortunate position" of having been working with a torch under the trailer at the time a fire "developed elsewhere."

Denies Any Knowledge Of Cash On Field

John Rodgers, National Park Service Ranger, today disclaimed any knowledge of a sum of money having been found on the battlefield last week.

He told The Times, "I am unable to report anything." However, the call sheet at the borough police station last Friday revealed that Rodgers had asked borough officers if any money had been reported lost on the battlefield "since June."

Rodgers today said he knows nothing about the situation "except by hearsay." He denied that there was any basis for the rumor that a large sum of money had been found on the battlefield and had been turned over to the Park Service.

Rodgers said, "No money has been turned over to the Park Service."

The Times was told by a reliable source that a large sum of money had been buried behind the Eternal Light Peace Memorial last June by a New Yorker and that later the latter returned, dug up the money and turned it over to a Park Service employee.

Calvin Bream's Hay Wins Prize

Two Adams County men were among the winners Tuesday at the Southeastern Pennsylvania District Hay Show at Pennsylvania Guernsey sales pavilion, near Lancaster, held as part of the annual District Quality Forage Conference there.

As a result, his entry will be put in the state farm show competition. James Behney, York Springs R. 2, won a fourth place in Class 5 for clover with not over 20 per cent of timothy or other grasses.

Young Negro Ex-Convict Admits Murdering Woman During Burglary Attempt

MIDLAND, Tex. (AP) — A youthful ex-convict has admitted killing Mrs. Fred Turner, wife of a wealthy oilman and racehorse owner. She was bludgeoned Tuesday during a burglary attempt in the family's palatial home.

Police said James L. Marion, 22, a Midland Negro, was charged with murder and jailed. He told newsmen Tuesday night: "I don't want to talk."

Mrs. Turner, 66, was so badly beaten about the face that it was first thought she had been shot.

Marion fled after slugging a daughter of the slain woman. Officers pulled him from an attic hiding place in a house two blocks distant a bit later and he admitted the killing.

RELEASED IN JUNE

Marion finished serving a state prison sentence for burglary last June.

Relatives discovered Mrs. Turner's body shortly after 7:30 a.m. Although a wall safe in a c se ovelpas tan and empty, topsyturvy drawers in her dressing room still contained a fortune in diamonds she had battled to save.

A brother-in-law, Uel Stephens

of Fort Worth, estimated the assorted diamond brooches, rings, necklaces and watches were worth \$500,000.

Mrs. Turner was alone in the house. Her husband was at Las Vegas, N.M., where he has extensive ranching interests. He quickly flew home.

Marion told questioners he gathered loot for several hours before discovering there was anyone in the darkened house.

He said that after knocking a hole in Mrs. Turner's bedroom door "I heard somebody say 'I'm going to shoot you.'"

"A shot was fired," he said, "and I saw her standing on the balcony."

Marion seized the gun and Mrs. Turner sat in the room, he continued, while he searched various drawers.

He laid down the pistol, Mrs. Turner grabbed it and again he wrested it from her, the prisoner related, adding:

"That was when I hit her the first time . . . she got up again and got something in her hand. It was a cane or something. I took it away from her and hit her two more times with her gun."

She crumpled to the floor.

LEADERS MEET TO SEEK PACT IN BORDER FUSS

BAMAKO, Mali (AP) — After a day of haggling, King Hassan II of Morocco and President Ahmed Ben Bella of Algeria met today with mediators trying to end the border conflict between the two nations.

The meeting lasted 45 minutes. There was no immediate indication of progress. But the fact that the leaders met face to face for the first time since fighting broke out raised hope for a compromise settlement.

A Moroccan source said, however, that a luncheon Hassan and Ben Bella had been scheduled to attend with the negotiators was called off. Each delegation was eating by itself, the source said.

Ben Bella and Hassan sat down at a conference table in the Mali presidential palace with Emperor Haile Selassie of Ethiopia and President Modibo Keita of Mali. Since the arrival of Ben Bella and Hassan Tuesday, Selassie and Keita had been working to bring them together.

Selassie reportedly proposed that an international force from African nations patrol a demilitarized zone to be established in the disputed border area in the Sahara Desert.

Algerian sources said this proposal was acceptable to Algeria only if it meant the total withdrawal of all Moroccan forces from territory claimed by Algeria.

The Fairfield Lions Club will serve a ham and egg breakfast Saturday morning despite the cancellation of hunting season. At a meeting Tuesday evening in the Parish Hall, the club honored Martin Christner and Norman Helman, high school seniors, who were presented by Thomas Steinberger. William Schultz, program chairman, showed films of his recent hunting trip in Wyoming and club activities of the past year which included the high school band in the state Lions convention parade in Allentown.

Cloyd Shetter, district zone chairman, reminded members of the zone meeting to be held at the second meeting in January in Biglerville.

Club members decided to increase and improve the Christmas decorations for the borough.

VERDICT IS DIRECTED IN LOCAL COURT

A directed verdict was entered in one case and trial started in another in Adams County court this morning.

By agreement a verdict was entered in the assumpsit suit brought by Careva Co., York, against the Gettysburg Construction Co., by which the local firm will pay \$2,000 to the York concern for materials for which it had already paid once.

Attorneys said the suit was entered when Careva Co. was allegedly not paid \$2,544.80 for supplies by D. Paul Kurtz and Son, Boiling Springs. Kurtz was a subcontractor for plumbing and heating in the construction of the Phi Kappa Psi house here in 1960-61. Gettysburg Construction was the prime contractor, and had entered into a bond to pay if any subcontractor failed to pay. According to the allegations, Gettysburg Construction had paid Kurtz for all work and materials involved. Careva alleged it in turn had not been paid by Kurtz and so brought suit against Gettysburg Construction under the bond of the prime contractor. Attorney Francis Haase, of McNeess, Wallace and Nurick, Harrisburg, and Attorney Donald M. Swope of Brown, Swope and MacPhail, represented Careva. Attorney Daniel E. Teeter represented the construction company.

Trial was started this morning on the trespass action brought by C. Robert Brothers, administrator of the estate of Edna B. Brothers, against Dennis C. and Lester Cluck over an accident between a car driven by Miss Brothers and a truck of the Clucks in New Oxford in 1958.

LIVING COSTS NOT CHANGED
WASHINGTON (AP) — The cost of living remained unchanged in September with fluctuating prices of selected items balancing off, the Labor Department said today.

Food prices fell six-tenths of one per cent from August. Transportation costs also eased, largely because of gasoline price wars in the Midwest and season-end lower prices for new cars of the 1963 models.

On the other hand, clothing prices were up slightly and there was a 19-per cent increase in the cost of such services as auto insurance, medical services, home repairs, laundry and dry cleaning.

The department's price index remained for the second straight month at 107.1. This means that selected items which cost \$10 in the 1957-59 base period now cost \$10.71.

In detailing the food price drop the department's Bureau of Labor Statistics said largely seasonable lower prices of fresh fruits and vegetables more than offset a seasonal egg price increase.

Aesthetic Water Tower Falls Apart

OAKLAND, Calif. (AP) — A water tower designed to fit objections of surrounding residents fell apart Tuesday, pouring 325,000 gallons of water into streets in the East Oakland Hills.

Two cars were tossed about by the deluge, windows were broken, pedestrians ran for cover, pavement was chewed up, lawns ruined, doors bashed in and homes flooded.

No one was injured. The \$150,000 structure, 54 feet in diameter, 32 feet deep and capable of holding 500,000 gallons, was being filled for the first time.

Officials of the East Bay municipal utility district said the tower was designed in the shape of a lotus to meet neighborhood objections to standard-shaped towers.

Big Narcotics Ring Cracked

CHICAGO (AP) — Twelve persons were arrested Tuesday night, cracking what federal investigators said was a \$10-million-per-year narcotics ring which controlled 80 per cent of the dope traffic in Chicago.

Among those arrested was a reputed henchman of the Chicago Cost Nostra "family," Amerigo (Pete) DePietto.

Charles G. Ward, chief of the Chicago office of the Federal Narcotics Bureau, said 35 ounces of heroin estimated at \$17,500 was seized in the arrests.

COSA NOSTRA LINK

Ward said the arrests, which he described as the most important narcotics seizures in Chicago history, came after a federal grand jury returned two suppressed indictments naming 41 persons on narcotics violations.

Ward said the ring controlled by Cosa Nostra had raked in more than \$30 million in narcotics sales since 1960.

Ward said DePietto, a resident of suburban Lombard, is the "narcotics officer" of the Chicago Cosa Nostra "family," and answers only to reputed crime boss Momo Salvatore (Moe) Giancana.

Mobster Joseph Valachi has told a Senate Rackets subcommittee that Giancana is head of the Chicago "family."

Three Youths Are Injured In Crash

GENEALOGY OF SHOWS ON TV CAN BE TRACED

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Some television series, like thoroughbred horses and royal families, have recorded blood lines. Others just grow.

Some are direct descendants of popular books—"Perry Mason" and "The Virginian."

Others, including "Dr. Kildare," trace their ancestry to old movies.

MOST PROLIFIC
"The Defenders" emerged from a script, "The Defender," which with one lawyer, was a single show in a dramatic anthology several seasons back.

"Petticoat Junction" is a child of "The Beverly Hillbillies," but somehow has lost all family resemblance.

The Danny Thomas Show may be the most prolific television show. Close and distant relatives include the Dick Van Dyke Show, the Joey Bishop Show, the Bill Dana Show and the Andy Griffith Show.

MAY BE PATRIARCH

By next season the Danny Thomas show may become a TV patriarch—with a third generation to its credit.

The Andy Griffith Show added last season as a country-style character who worked out so well that singer-turned actor Jim Nabors became a regular called Gomer Pyle. This season Gomer is around even more.

Jim had never acted before he joined the Griffith show. He had tried out for the part of nephew Jethro in "Beverly Hillbillies" and had been turned down on the grounds he wasn't handsome enough.

RATINGS CAUSE WORRY

Television's top executives Tuesday were studying and worrying over the new and important national Nielsen ratings, estimates of the size of audiences for the various network shows during the first two weeks of October. The fate of from eight to a dozen shows may hang on the figures and the ones released two weeks from now.

The Nielsen list of the most popular shows contained few surprises. "Beverly Hillbillies" continued to be its top-rated program. "Bonanza" followed, trailed by Dick Van Dyke, Lucille Ball, Andy Griffith, "Petticoat Junction," Danny Thomas, Red Skelton, Perry Mason, Don Reed, "I've Got A Secret" and "The Patty Duke Show," in that order including a couple of ties.

Among the shows with disappointing ratings—also anticipated—were the Judy Garland Show, the Jerry Lewis Show and "Espionage."

Recommended tonight: "Chronicle," CBS, 7:30-8:30 (EST)—a documentary about Blackpool, traditional summer resort of Britain's millworkers; "Espionage," NBC 9-10—Adventure story based on a real episode during the Irish Rebellion.

JUSTICE FEELS PICKETS' IRE
NEW YORK (AP) — Chief Justice Earl Warren was battered Tuesday night by leaflets and placards hurled by pickets protesting U. S. Supreme Court decisions.

"Thank goodness we live in a country where that can be done," Warren commented after the incident. "It can be done whether people feel that way about it or are paid to do it."

The incident occurred after Warren left a dinner meeting of the Bar Association of the City of New York where he was made an honorary member.

Some leaflets struck Warren but the placards missed. No one was arrested.

Walter Zaleski of Brooklyn, a spokesman for the 75 pickets, said they were trying to point up the activities of the Supreme Court since Warren was appointed chief justice in 1953. Zaleski said the court's decisions have helped "to erode our freedoms."

Olmsted Field To Get Delta Darts
HARRISBURG (AP) — The Olmsted Air Force Base is being assigned a permanent detachment of F-106 Delta Dart fighter planes.

About six of the planes, part of the 529th Fighter Interceptor Squadron, will arrive within a month, Miller said. The single seat all-weather interceptors are rated among the fastest and most versatile in the Air Defense Command.

Get Specifications For X-Keys Lights
The Adams County commissioners this morning received from Harrisburg specifications for the proposed traffic light system at Cross Keys and as a result anticipate being able to advertise for bids for the installation within the next few days and open the bids in about two weeks.

The specifications call for a fully actuated light system which will take into account the amount of traffic on Routes 30 and 94 to permit the easiest flow of traffic at all times.

Plans were made for distribution of ballots Saturday for the election Tuesday. The commissioners urged voters to remove the numbered tab from their ballots before putting them into the ballot box, recalling that a number of persons have ruined their vote in prior elections by neglecting to remove the numbered tab.

"FOOLISH PRIDE"

One word led to another and . . . before the night was through . . . I thought it would be better if . . . I bid you fond adieu . . . although you tried to make amends . . . pride had to have its say . . . and so it was each of us . . . went on our separate way . . . perhaps you didn't realize . . . the hurt inside my heart . . . and just how sad it made me when . . . we had to drift apart . . . I tried to wear a pleasant smile . . . and sing a happy song . . . but as the days turned into weeks . . . I knew that I was wrong . . . and so I will forgive you for . . . the way you made me cry . . . and put away the doubts and fears . . . that caused my heart to sigh . . . for after all is said and done . . . what else is there to do . . . except to swallow foolish pride . . . and keep on loving you.

LODGE TOLD OF AMENDMENTS

Assemblyman Harry D. Ridinger was the speaker Tuesday evening at the first of a series of special talks on current events to be held by Gettysburg Lodge No. 124 of the Odd Fellows at its home on Chambersburg St. Members of the Littlestown and York Springs IOOF lodges were guests at the session.

Melvin Little was general chairman for the program at which Assemblyman Ridinger spoke on the three amendments to the state constitution and the referendum on a constitutional convention which will appear on the ballot next Tuesday.

Ridinger told the group that "it will be up to the voters to make their decisions" on the merits of the proposals, giving only information on the issues without expressing his own opinions. The voters will say whether they wish to have a constitutional convention to prepare a new constitution; will vote whether Pennsylvania should lend money to serving college students; whether the state should establish emergency seats of government for use in event of enemy attack, and will vote on "Project 70," which contemplates issuing \$70,000,000 worth of bonds to buy land for state parks, reservoirs and other conservation, recreation and historical purposes over the next several years.

GOLDWATER MAY MOVE UP HIS DECISION

By GORDON A. GLOVER
Associated Press Staff Writer
CONCORD, N.H. (AP)—Sen. Barry Goldwater says he may announce whether he will seek the Republican presidential nomination sooner than he had planned.

A leading contender for the nomination, Goldwater told a news conference Tuesday night that if he seeks the nomination he will campaign vigorously in New Hampshire's first-in-the-nation primary next March 10.

During a brief visit to New Hampshire, the Arizona Republican referred to the Jan. 27 deadline he had set for announcing his intentions and said:

SPEAKS AT DINNER

"I think I may make up my mind before that time in fairness to my supporters and the Republican party."

In an aside to supporters he said: "I expect to be back soon."

The occasion for Goldwater's visit was a \$10-a-plate fund raising dinner for a chair in government at New England College in memory of the late Sen. Styles Bridges, R-N.H.

Only 11 days ago, Gov. Nelson Rockefeller of New York made a two-day speaking tour of New Hampshire and promised to enter the New Hampshire primary if he decides to seek the GOP nomination.

More than 1,100 dinner guests heard Goldwater warn that an increasing shift in powers in the executive branch of the federal government is threatening the nation's freedom.

Detective Fred Maxwell said, "All she was wearing was a flesh colored G-string and two sequined butterflies."

Today In Washington

WASHINGTON (AP)—In the news from Washington:

SONG ENDED: Without fanfare, the Senate Investigations subcommittee has rung down the curtain on Joseph Valachi and his vendetta against the Mafia.

The convicted narcotics racketeer and murderer was slipped into a closed session Tuesday for what apparently was his final day of testimony about the workings of a crime syndicate he calls Cosa Nostra but known usually to police as the Mafia. Subcommittee chairman John L. McClellan, D-Ark., said Valachi was heard in secret because he was giving information which dealt with current and planned criminal proceedings.

A subcommittee spokesman said Valachi was returned to a cell in the District of Columbia Jail. Where he will go from there is a mystery.

HEALTH CARE: The House Ways and Means Committee will begin hearings Nov. 18 on President Kennedy's plan for health care for the aged.

Chairman Wilbur D. Mills, D-Ark., announced the group will hear testimony not only on the administration proposals—which never drew enough support to win the committee's approval—but also on adequacy of the medical programs under the Kerr-Mills Act which provides federal aid for state programs helping the indigent.

RED CROSS: The American Red Cross is getting another Army general as president.

It announced Tuesday that Gen. James Francis Collins will assume the \$30,000-a-year post April 1, succeeding Gen. Alfred M. Gruenther, retiring after heading the national organization for more than seven years.

Red Cross Chairman E. Roland Harriman said Collins, commander of the Army in the Pacific, was the unanimous choice of the board of governors.

Approximately 75 persons, members of the Mason and Dixon 4-H Club and their ladies, enjoyed a Halloween party on Saturday evening at the Clyde Feeser Farm, near town. The affair opened with the grand march and costume prizes were awarded as follows: Prettiest, Susan Feeser; most original, Mrs. Cloyd Willow Sr.; most gruesome, Stanley Messinger and Adam Lockner; funniest, Cloyd Willow Sr., who was also the last to be identified.

Duane Duncan, associate county agent, gave the two-year pins and completion certificates to Ralph C. Unger, club advisor, who presented them to the following: Edward Bentzel, Carol Brown, Edward Clouser, James Feeser, Daniel Geiselman, Rebecca Geiselman, Paul Krumrine, Harold Leese, Adam Lockner, David Lockner, Joanne Sponseller, Carrie Sterner, Alvin Unger, Patty Unger, Yvonne Unger, Carrie Willow, Beverly Willow and Donna Willow.

The retiring president, David Lockner, thanked the members for their cooperation during his term in office and turned the meeting over to Cloyd Willow Jr., vice president, who automatically assumed the presidency. Group games were led by Alvin Unger and James Feeser. Square dancing was enjoyed for the remainder of the evening with Fred Crouse as the caller. Refreshments were served by the mothers of club members. The building was decorated in keeping with the occasion. Arrangements for the affair were in charge of Edward Bentzel and James Feeser. A meeting or reorganization will be held by the club on Monday, March 2 and members will be notified of this meeting by mail.

The following Mason and Dixon members will receive their one-year pins and completion certificates at the county 4-H banquet on Saturday at the Biglerville High School: Fay Cool, Donna Dickensheets, Susan Feeser, Margaret Leese, Robert Rebert and Cloyd Willow Jr.

Trust Fund Established at YWCA: Establishment of a trust fund for the Gettysburg YWCA with an initial deposit of \$100 was announced following the meeting of the board of directors held in connection with the annual fall meeting. Mrs. Walter H. Danforth, president, has announced. She stated that \$100 had been set aside from the \$200 made by the Y during the battle anniversary celebration here this summer.

Miss Ramer Heads Sorority Club: Officers were elected and arrangements advanced for the installation banquet of Gettysburg's new Sorority Club at a meeting held over last weekend. Miss Mary Ramer was elected president of the new women's service club. The other officers were: First vice president, Miss Sara Clark; second vice president, Mrs. Henrietta Blocher; recording secretary, Mrs. Rosalie Raffensperger; corresponding secretary, Miss Dorothy Brindley; treasurer, Mrs. Ellen Tipton Buehler; and members of the board of directors, Mrs. Miriam Daley, Mrs. Elizabeth Hennig and Miss Mabel Grenoble. The next meeting will be held Wednesday evening in the offices of Mrs. Kathryn Fissel Britcher, Center Square. About 20 women attended the organization meeting.

2 High School Graduates Wed. Miss Emma Mildred Weikert, daughter of Mr. and Mrs. Isaac H. Weikert, Knoxlyn, and Charles William Ziegler son of Mr. and Mrs. Ira N. Ziegler, Gettysburg, were united in marriage Saturday evening at 8 o'clock in Westminster, Md., by the Rev. Paul W. Quay. The bride was attired in a wine colored velvet dress with accessories to match. She is a graduate of Gettysburg high school and attended Thompson's Business College, York. At present she is a stenographer in the office of Gettysburg Ice and Storage Company. The bridegroom graduated from the same high school and is a battlefield guide. The couple left after the ceremony on a wedding trip to Niagara Falls and points of interest in Ohio.

School Prank Brings Warnings: A mass warning to 30 youths of the New Oxford High and Catholic schools was issued by Officer Joseph H. Salzing of the state motor police after Miss Catherine Wehler, a teacher at Clearview school in Oxford township, reported to the police that her schoolhouse had been stripped of its shutters. The missing shutters were found suspended near the top of the flag pole. Investigation of the prank revealed to the officer that there was considerable damage to property and annoyance to residents of New Oxford by raids from boys who smashed windows or caused other trouble. The roundup in the office of New Oxford Principal C. P. Keefe followed on Friday and the blanket warning was issued that further depredation will be followed by prosecution of those to blame.

Today's Talk

BREVITY
Men of action are men of few words, as a rule. The great literary masterpieces of the world are brief. Often a poet's fame rests upon one single, short poem. For example: Thanatopsis (Bryant); Opportunity (Inglis); The Blessed Damsel (Rossetti); Trees (Kilmer); Elegy Written in a "Country Church-Yard" (Gray); In-victus, by Henley.

Said Thomas Jefferson: "I served with General Washington in the Legislature of Virginia, before the Revolution, and during it, with Doctor Franklin in Congress. I never heard either of them speak ten minutes at a time, nor to any but the main point, which was to decide the question."

No American President has ever given a speech, or state paper that will live so long as Lincoln's "Gettysburg Address"—and it was comprised of less than three hundred words!

A friend of mine, in commenting upon a certain man, once said: "He rarely talks, but when he does he says something." People remember short remarks and speeches, and they think more about them. One of the great trials of democracy is that there is too much talking in it and too little said that can be made to work profitably for the good of all. The people are taxed for long speeches in Congress, and in the legislative halls.

Often a person, in inquiring for a job talks himself out of it. In selling, also too much talk has often killed the sale. Brevity saves time — and as some wise one said long ago: "Time is money." One of the axioms of the first Marshall Field, who founded the great store of Marshall Field and Company, in Chicago, was "Be brief!"

The fewer the words, the stronger the statement always. Talk little. Think much. Four words that should be engraved upon the mind of us all.

Just Folks

AFTERWARDS
One left money and lands and stocks
And rows and rows of building blocks
And, further to mark his path of life,
Two quarrelling women who'd been his wife.
There was a library quickly sold
And melted down into silver cold.
There was a garden wondrous fair
That will probably wither for want of care.
There was a yacht which had been his pride,
And he gave that up on the day he died.
Now a staff of clerks is at work to find
All that he gathered and left behind.
Another man died, and in truth to tell
He didn't leave much which the courts could sell.
The records of companies do not keep
But his little garden will greener grow
Because of the fact that he loved it so,
And numberless friends, whenever they meet
Will think of him and his praise repeat
Over his treasures mean hands won't paw,
There will be no quarrels in courts of law.
He lived and died, and his life was fair,
And he left glad memories, everywhere.

Adams Apples Valued At \$3,000,000: With this week ends the picking of the 1963 apple crop in Adams county that already has provided close to a million bushels for domestic and foreign markets and has sent another million into over-crowded commercial stores in Adams, Franklin and Cumberland counties. While most growers and packers hesitated to place an estimate on the size of this year's crop, all agreed on the point that the amount of apples harvested here this season is thousands of

GHANA REGIME

BANS ORWELL'S 'ANIMAL FARM'

By DENNIS NEED
ACCRA, Ghana (AP)—George Orwell's "Animal Farm," a bitter allegory on totalitarianism, has been banned from Ghana's secondary schools by government decree.

Too many teachers were drawing a parallel between Orwell's fictional regime of the pigs and that of President Kwame Nkrumah and his Convention People's party. Ghana's press is censored and controlled. In private, civil servants and the professional classes express mounting dissatisfaction with Nkrumah and his government. Students at Ghana's two universities are in the vanguard of these demanding greater freedom of expression.

JOB JEOPARDY
"Whisper a word of criticism in the wrong place and you're out of a job," complained one senior ministry official. Nkrumah's Ghana abounds with trappings markedly similar to those of communism. His party and the government are regarded as one and the same. The Ghana Young Pioneers follows a Soviet pattern. The trade union movement is a carbon copy of the Soviet Union's. Strikes are illegal. There are 105 state farms. Government is in the building, furniture, and many other businesses. Innumerable Communist bloc technicians have been assigned to the country.

But there is another side. In Nkrumah's grand design there is a place for private as well as state enterprise and recent legislation encourages foreign investment. **TRIBALISM ELIMINATED** Six years of independence have brought progress unmatched elsewhere in Africa in many fields. Tribalism has been largely eliminated. Ghana spends more on education in relation to national income than any other country in the world. Roads are the best in West Africa. Nkrumah seeks to turn Ghana into the nonaligned showpiece of Africa. He thinks he can do it with his homespun brand of socialism, and by walking a political tightrope between West and East.

The 54-year-old president is a professed Marxist. He is also a shrewd and practical politician, ambitious and fiercely independent. Westerners here are convinced he never would willingly become the puppet of Moscow.

Hersh Benefit Race At Grove

MECHANISBURG—The 1963 racing season at Williams Grove Speedway will come to a close, Sunday afternoon with the running of the Bobby Hersh trophy race benefit for this popular modified stock car driver from New Oxford.

Proceeds from the entire days program will be placed in a trust fund for Hersh who is still in the Harrisburg Hospital in critical unconscious condition from injuries sustained in the feature event at "the Grove" Sunday, September 20.

Track officials and employees will contribute their time and, although a purse is posted for the program, it is supposed that the car owners and drivers will donate heavily to this fund. All this will be in addition to net gate receipts and refreshment stand profits, which owner Bob Richwine has earmarked for the Hersh benefit.

The card, which gets underway at 2 p.m. will include three qualifying heats, a 10-lap consolation event and the 25-lap feature starting 24 cars.

Richwine also announced that the Williams Grove racing banquet will be held in the VFW Ballroom, Mechanicsburg, Saturday, December 7, starting at 7 p.m. Highlight of the evening will be the presentation of trophies and point money to the modified drivers and car owners.

bushels above preseason estimates. Harvest of the crop worth more than \$3,000,000 gave employment to 1,500 persons for over six weeks.

Nearly 200 delegates attended the annual Girl Reserve regional fall conference of the YWCA held Friday, Saturday and Sunday in Hanover. Miss Anna Crouse, adviser, and the following eight delegates went to Hanover Friday to represent the local group: Janice Kline, Mary Jane Pitten-turf, Betty Lou Saylor, Mabel Nall, Betty Hayberger, Betty Dillman, Mary Ruth Rice and Oma Furney. On Saturday, Mrs. LeRoy Winebrenner, adviser, and Ruth Kitzmiller, Kathleen Edwards, Alberta Conti and Violet Lackner attended the conference.

VOTERS TO PICK NAME OF TOWN

LEVITTOWN, N.J. (AP)—They vote on a touchy subject here Tuesday—the name of the town.

Shall it remain the third Levittown in the nation, or revert to its original name of Willingboro, which dates back to 1688? The campaign has been fought in the courts, on the streets and in the Levittown Life, a weekly newspaper.

The editor of the paper, Stanley Goldstein, 39 said the movement to restore the name to Willingboro started about a year ago as people became dissatisfied with being another Levittown.

They complained that their mail sometimes went to Levittown, N.Y., or Levittown, Pa., finally reaching them a week later.

GOP PRAISED FOR SUPPORT OF CIVIL RIGHTS

By JOHN BECKLER
Associated Press Staff Writer
WASHINGTON (AP)—House Republicans kept their fingers crossed today as they received administration praise for helping to launch a strong civil rights bill in Congress.

The Republicans have warned the administration all pledges of support for the compromise measure are off if the Democrats seek to make any political gain out of civil rights at their expense.

At the moment, though, bipartisanship was holding firm and the long bottled-up legislation finally began to move through the House.

FACES DELAYS
Even with President Kennedy, Speaker John W. McCormack and Republican Leader Charles A. Halleck behind it, however, the far-reaching compromise bill faces delays and obstacles.

The most optimistic estimate heard Tuesday after the House Judiciary Committee approved the bill by a 23-11 vote was that it would be mid-November before it gets to the House floor. The time will be needed to write a report on the measure and hold hearings in the Southern-dominated Rules Committee.

The biggest obstacle remains the Senate, however, where it is accepted as fact that a Southern filibuster will have to be broken by a two-thirds majority vote if any bill is to be passed.

CALLS COMPROMISE
Tabbed a compromise between a tough subcommittee bill and more moderate measures introduced by Republicans, the bill that emerged from the Judiciary Committee proved stronger than the original administration bill.

It retained several provisions from the subcommittee bill, including one that would create a federal commission empowered to ban racial discrimination in employment in private industry. The commission would have to go into court to get an injunction carrying out its findings, however, instead of having its own enforcement powers, as in the subcommittee bill.

Two other provisions would ban racial discrimination in hotels, restaurants, theaters and other places serving the public, and empower the President to cut off funds for federal programs where discrimination is practiced.

AMERICAN WIFE JOINS RED MATE

LONDON (AP)—Mrs. Harold Philby, American wife of the third man in the Burgess and Maclean spy case, has joined her husband in Moscow.

The British Foreign Office announced Tuesday that Mrs. Philby, 49, formerly of Seattle, Wash., arrived in Moscow Sept. 26.

Philby, a former foreign office employee and Mideast correspondent for a British newspaper, was identified as the man who tipped British diplomats Guy Burgess and Donald Maclean 12 years ago that government authorities suspected them of being spies.

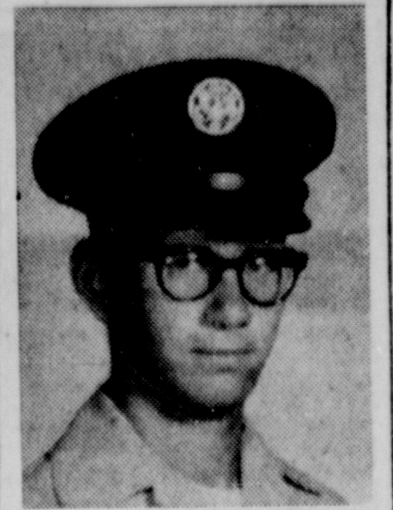

Burgess and Maclean fled to Moscow. Burgess died there in August. Philby disappeared from Beirut last January.

Canadian Leader Survives Attacks

OTTAWA (AP)—Prime Minister Lester B. Pearson's Liberal government has easily survived the two latest attempts to oust it over defense policies, including storage of nuclear warheads in Canada.

By a 210-27 vote Tuesday night, the House of Commons defeated a no-confidence motion by Creditiste Leader Real Caouette, attacking the government for storing U.S. nuclear warheads in Quebec.

The liberals now have survived nine censure votes since Parliament convened May 16.

Grassroot Negroes Promise To Continue Equality Fight To Alter Louisiana Customs

EDITOR'S NOTE—Desegregation efforts in the South had concentrated mostly on larger urban centers until last summer when racial unrest spread into smaller towns, the rural areas—the grassroots. Don McKee, Associated Press staff writer, visited three small Southern towns facing civil rights drives. This is the first in a series on what he found at the grassroots level.

By DON MCKEE

CLINTON, La. (AP)—Wide-brimmed, Western-style hat clamped tight on his head, the judge strode toward the ancient courthouse, a landmark of 1838 vintage.

Someone spoke to him, but Judge John R. Rarick retorted: "Hell, I'm worried about Negroes—I got no time to talk." For Rarick and about one-third of Clinton's 1,600 population, there was reason to worry. Negroes, comprising the other two-thirds of the population, had gone to the streets with their grievances for the first time.

Fairfield

FAIRFIELD—Susan Sanders, daughter of Mr. and Mrs. Kenneth Sanders, celebrated her 13th birthday anniversary on Friday. Mrs. Merle Kittinger, Mr. and Mrs. James Kittinger, Thomas and Mary Ann Kittinger spent Sunday visiting Mrs. George Schaeffer of Baltimore. While there they attended St. Luke's Church where Rev. Emmert Colestock, former pastor of Zion Lutheran Church, is presently located.

The local bridge club met Monday evening at the home of Mr. and Mrs. Jay Brown, Howard Ave., Gettysburg. High scorers were Mrs. J. Warren Martin and Mrs. James Donaldson. Low scorer was Mrs. Robert McClell. The club will meet Monday evening at 7:30 o'clock at the home of Mrs. Robert McClell, Main St., Fairfield.

Mr. and Mrs. Edward Snyder, Water St., recently celebrated their 25th wedding anniversary. Junior Girl Scout Troop 766 held a Halloween party Monday in the basement of the home of their leader, Mrs. Wm. Newman, with 28 girls in attendance.

The following girls served on the refreshment committee with Linda Myers, chairman; Elaine Gladhill, Ruth Rombin, Nancy Ickes, Debbie Straup; games, Cindy Nagle, chairman, Debbie Deardorff, Roberta Weikert, Jill McAndrews, Bonnie Schultz, Victoria Trembow; cleanup, Kathy Weikert, chairman, Shirley Gladhill, Brenda Seifert, Deborah Kemper and Donna White. Mrs. Earl Schmidt, Mrs. Robert Rosenwald, Miss Fran Eyer and Mrs. Ira Sease assisted Mrs. Newman.

The girls will prepare at the next meeting for the investiture on November 11. The Scouts will participate in a dining room service project at the Lions hunters' breakfast Saturday morning, enabling them to earn credit toward their seventh requirement under the Sign of the Arrow.

Mr. and Mrs. Joseph Sebold and family, Sunshine Trail, entertained the following persons at their home on Sunday: Robert K. Baker and Mrs. Margaret C. Baker, Baltimore; Maurice E. Baker, Washington, D. C., and Mrs. Bertha Sebold.

But Emmett Collins, Negro clerk in a drugstore and the father of the local CORE chapter leader, said most of the Negroes support the drive in Clinton.

"I don't think they'll stop," Collins said.

courthouse, is typical of the Southern grassroots. Located in a cattle farming area of south Louisiana, it is only 25 miles south of the Mississippi line.

Change in racial customs is inconceivable to a large majority of the white minority which controls the economy and the government—as in other Southern towns.

A militant Negro group, jolting the town awake to racial issues, raised the threat of change that would leave no small town immune.

Perplexity and resentment prevail among the white residents; Negro spokesmen vow to keep up their drive, apparently triggered by a voter purge of six years ago.

The voter rolls of East Feliciana Parish, of which Clinton is the governmental seat, were purged after Henry Earl Palmer became the parish registrar. At that time there were about 1,500 Negro voters among the 4,100 persons on the parish's poll list. Palmer said that since the purge, 2,600 white persons and 119 Negroes have reregistered.

ENFORCES LAW

"We don't discriminate," said Palmer, who operates a dairy. "I enforce the law to the letter. I don't care if a thousand register if they pass the test."

Sheriff Arch V. Doughty said that before Palmer took office unqualified Negroes were registered.

"I doubt if some of them could even read," said Doughty.

PROTEST TESTS

Negro spokesmen protest that discrimination keeps them off the voter list. William Brown, 19, a college student from Tucson, Ariz., and a volunteer worker for the Congress of Racial Equality, said he believed some points in the test are administered illegally to Negroes.

Brown and other CORE workers began holding mass meetings in August to push voter registration. Rarick issued a restraining order against demonstrations.

The Negro unrest spilled into the streets Oct. 12-13 when pickets walked in front of four stores. The pickets were arrested.

PICKET FOR REGISTRATION

"Our picketing," said Brown, "is aimed at voter registration—at some communication other than the courtroom."

But, as in similar situations, the Negro drive aimed at one issue then spread over other areas of discontent. With a high unemployment rate, Negroes want better jobs; they want bi-racial talks.

"The variety store has a Negro clerk," said Brown. "He serves the customer, then the white manager rings up the sale. Negroes aren't allowed to use the cash register."

A Negro boycott has hurt business at several stores.

A merchant, I. G. McKnight, said: "At this stage, I'm not going to be surprised at what happens."

What about the outcome? What can the Negroes hope to gain?

"There's no chance of changing our customs," said McKnight.

But Emmett Collins, Negro clerk in a drugstore and the father of the local CORE chapter leader, said most of the Negroes support the drive in Clinton.

"I don't think they'll stop," Collins said.

GELBERT GIVES SCOUT REPORT ON BULLET 11

EASTON—The Freshman class at Lafayette College, excited by the first football victory of its college career, has suddenly gotten greedy. Within hours after the Leopards had upset Bucknell, the frosh had posted a sign outside a dormitory. It said: "67 Says Beat the Bullets."

Lafayette players and coaches would like nothing better than to beat the Gettysburg Bullets Saturday in Gettysburg's homecoming game. In the hope of accomplishing that goal, the Leopards coaches have spent the last two days trying to devise a defense against an aerial bombardment.

"Gettysburg considers every down a passing down," said assistant coach Charley Gelbert, Lafayette's chief scout. "In the three games I've seen them they've thrown 93 passes, completed 46 and only had four intercepted. They'll throw from any place on the field."

Gettysburg has gained success through the air. After dropping two of their first three games, the Bullets have come back to win three in a row over Lehigh, Albright and Muhlenberg.

MUST STOP "TWO"

Though the Bullets have only 27 men on their squad, they have plenty of size up front to protect their passers, and receivers who will catch any pass they can reach, according to Gelbert.

Two players who "must be stopped," Gelbert says, are sophomore halfback Dale Boyd and Senior end Ken Snyder.

Boyd, a 6-0, 180-pounder, has caught 27 passes for 507 yards and four touchdowns. Snyder, 5-10, 180, has grabbed 19 for 294 yards and five TD's. Boyd's 27 catches are a Gettysburg record.

How do the Leopards plan to cope with this aerial circus?

"At the moment we're not sure," says Coach Ken Bunn. "The best way to break up a passing attack is to rush the passer but I'm not sure we can penetrate their big line."

BLACK HAWKS GOING STRONG

By JOE MOOSHIL
Associated Press Sports Writer
CHICAGO (AP)—The Chicago Black Hawks are threatening to turn the National Hockey League race into a runaway.

Playing with a determination which they hope will offset last season's late collapse, the Hawks have lost only one of their first nine games and pulled into a six-point lead over Toronto and Montreal with an effortless 5-1 victory over Detroit Tuesday night.

A crowd of 13,987 came out to watch Gordie Howe, Detroit's big right wing, attempt to break the NHL scoring record of 544 goals he now shares with Maurice Richard.

Howe failed to score but the fans saw Ken Wharram, Chicago's little right wing, turn in his first major league hat trick. The only other three goal performance this season was scored by Chicago's Stan Mikita.

The Hawks have played five games at home, winning them all. On the road they have one victory, one loss and two ties. Coach Billy Reay has the club playing aggressive hockey and every man appears to be in top physical condition.

Charlie Johnson Leads In Offense

NEW YORK (AP)—Charlie Johnson's arrival as a top flight quarterback is reflected in the team statistics of the National Football League which show the St. Louis Cardinals leading in both total offense and passing at the season's halfway mark.

The Cardinals also can move the ball on the ground with Bill Triplett and Joe Childress carrying the mail. The St. Louis rushing total of 1,016 yards is topped only by Cleveland and Green Bay.

Johnson's passes to Bobby Joe Conrad, Sonny Randle, Jackie Smith and Triplett are the big gainers in the St. Louis attack that has rolled to 2,744 yards, including 1,728 in the air.

BULLETS HOST LAFAYETTE IN HOME-COMING

The Gettysburg College football team will be seeking its 13th consecutive homecoming victory Saturday afternoon when the Leopards of Lafayette provide the opposition for the annual weekend.

The Bullets' last homecoming setback came in 1950 on a 28-7 loss to Muhlenberg. Since that time Gettysburg has won 12 straight including four over the Leopards. Gettysburg and Lafayette have tangled 22 times since the first meeting in 1894. The Bullets have won seven while losing 15 including last year's 20-14 verdict. Lafayette built its wide victory margin over the Bullets by winning 10 of the first 11 games in the series. Gettysburg's last win over the Easton school was a 6-0 homecoming victory in 1961.

Coach Gene Haas' Battlefields will be putting a 4-3 record including a three-game winning streak on the line Saturday. Lafayette will come to town with a 1-4 slate. The lone victory was an impressive 14-13 win last week over highly favored Bucknell. The Leopards are tutored by first-year Coach Ken Bunn.

Gettysburg's 4-3 record puts the Bullets over the .500 mark for the first time since midway through the 1959 campaign. The last Bullets winning season also came in the same year when they finished 5-4.

KEEPING EYES ON ALLEGHENY

HARRISBURG (AP)—Pennsylvania state police are keeping a watchful eye on Pittsburgh and Allegheny County for any recurrence of alleged gambling and vice activity.

"The problem with vice is that is a continuing thing, something that requires constant watching," declared State Police Commissioner E. Wilson Purdy Tuesday.

Purdy said several detectives are still in the Pittsburgh area following up information obtained in a sweeping vice raid there last Thursday.

"We are very much interested in seeing what develops," he said. "But there are nothing like the 150 men we had working on the raid."

He added that the state police "will take whatever action is indicated" in Pittsburgh or anywhere else in the state.

Purdy also noted that vice raids have more than doubled this year, but indicated that no further large scale raids were imminent.

"We don't have the manpower for that," he said. "The Pittsburgh raid required two months of investigation and groundwork."

COTTON WINS MICH. SHARE OF RING TITLE

By BERNIE KENNEDY

Associated Press Sports Writer
FLINT, Mich. (AP)—It may take a while for Eddie Cotton to get a crack at the world light heavyweight championship. But the quiet Seattle fighter will take the title in pieces if he has to.

Cotton, ranked the No. 1 contender to World Boxing Association champion Willie Pastrano, won the Michigan version of the world title with a unanimous decision over sixth-ranked Henry Hank of Detroit Tuesday night.

Cotton has won decisions over highly rated foreign fighters, including Scotland's Chick Calderwood, but has yet to get the fight he wants—Pastrano.

HURT IN 9TH

Cotton, 36, gave away seven years and 2½ pounds to Hank, but used his six-inch reach advantage to keep the Detroit slugger off balance with an effective left jab. Cotton weighed 172½ pounds and Hank 175.

The Seattle puncher, a tool and die maker with an aircraft firm when he's not fighting, admitted Hank hurt him in the ninth round.

"He hit me good, but I didn't let him know it and was able to box out of it," Cotton said.

Hank sat dejectedly in his dressing room and talked of quitting the ring.

"When a man fights as good a fight as I did in his home state and loses then it's about time to quit," he said.

JOHNSTON TO MISS CONTEST ON SATURDAY

Senior quarterback Vance Johnston, Biglerville, suffered a severe sprain of the right ankle in the Muhlenberg game last Saturday, the latest medical report revealed.

Johnston is currently leading the Gettysburg College passing department and has guided the Bullets to a 4-3 record on the year, winning the last three outings.

Coach Gene Haas has had many problems with injuries this season, Johnston becoming the ninth key player to be sidelined. From all indications Johnston will not see any action in Saturday's homecoming tilt against Lafayette.

Following this week's battle, the Bullets will have an open date on November 9 which will enable the number one quarterback to recuperate and be ready for the Wittenberg clash.

Sophomore Jim Ward, Gaithersburg, Md., who has been doing an exceptionally fine job behind Johnston, will get the starting nod against the Leopards. In the seven games to date, Ward has completed 38 of 75 aeriels for 471 yards and four touchdowns.

Haas also stated that Sophomore guard Ron Brentzel and Senior end Dave Wehr are expected to return to the lineup Saturday.

Both men sustained injuries in the Albright encounter and have been out for two weeks.

CLIPPERS NIP QUEBEC ACES

By THE ASSOCIATED PRESS
Gilles Villeneuve came up with a great game in the Baltimore net and the Clippers beat the Quebec Aces 2-1 in an overtime American Hockey League game Tuesday night.

The Rookie of the Year in the Western Hockey League last season while playing for Vancouver, Villeneuve came through with 27 saves to thwart the Aces. He was bombarded with 15 shots in the first period, but turned them all aside.

Wayne Hicks was the only Quebec player to beat Villeneuve. He got the tying goal at 10:24 of the third period to equalize Marc Dufour's second period goal for Baltimore and force a sudden death overtime.

Mel Pearson slammed home the puck for the winning goal at 7:17 of the overtime, 12 seconds after Dufour had been penalized for misconduct, leaving the Clippers short-handed. Pearson clicked on a pass from Harry Pichirny.

The defeat in the only AHL game scheduled kept Quebec from tying Providence for the lead in the Eastern Division. Pittsburgh, the Western Division leader, plays at Cleveland tonight.

SYRACUSE, N.Y. (AP) — Frank Craswell, who managed the Syracuse Chiefs to the Northern Division championship in the International Baseball League last season, will manage the team next year, the club announced Tuesday.

Gettysburg High School's junior varsity football squad (3-2) will close its season here Monday afternoon at 3:45 o'clock when it opposes the Shippensburg reserves. Bottom row, left to right, George Green, Chris Kilgore, Ronald Asay, William Deal, Michael Leatherman, Terry Helwig, Robert Paris, Robert Plank; second row, Dave Perdue, Bill Horner, James Myers, Robert Musselman, Michael Eyer, William Mellors; top row, Michael Keefer, Charles Raffensperger, Ronald Sherman, Kit Richardson, Raymond Peake. The squad is coached by Charles Lilley and Richard Bouch. (Times photo)

BERT WILDER IS CHOSEN AS TOP LINEMAN BY AP

By TED MEIER

Associated Press Sports Writer
NEW YORK (AP)—It couldn't have been anything so mundane as "All right, boys. Let's go get 'em." But whatever Bert Wilder said before the opening kickoff and between halves of the Duke game at Raleigh last Saturday helped the North Carolina State tackle win today the designation as Lineman of the Week by The Associated Press.

The 24-year-old senior from Greensboro, N.C. backed up his words by leading a savage Wolfpack defense that handed the Blue Devils their first defeat of the season, 21-7.

"Give Bert a lot of credit for this one," said Earle Edwards, the N.C. State coach. "He was tough to move around and put a potfull of pressure on Glacken (Scotty Glacken, the Duke quarterback) and made him hurry his throws."

TRUAX IS CONTENDER

"His play led us on the field, but it was his two speeches before the game and at halftime that really fired up the boys. I never saw Bert so determined to win a football game."

Wilder's talks fired the Wolfpack so that they held Duke to 76 yards rushing. Wilder, in addition to his rushing of Glacken, made numerous tackles, including one that stopped a Duke threat on the Wolfpack 11. It was State's first victory over Duke in 17 seasons.

Ends Bill Truax of Louisiana State, and Jim Campbell, of Navy, were strong contenders in the voting by sports writers and broadcasters.

Leading Jockeys Fail On Tuesday

CHARLES TOWN, W. Va. — The Davidson-Smith riding race at Shenandoah Downs sputtered Tuesday night as the two leaders were shut out. The count remains at 16-15 going into tonight's midweek program.

Smith failed to score with six mounts and Davidson was just as unlucky with eight. The latter came close with Irish Soldier in the eighth but bowed in a photo to Elmer R. Miles' Computer.

Computer's \$20.20 win was an oversight throughout the crowd of 3,169. The gelding had won his last start here and was the program selection, but went off at 9-1. His victory resulted in a \$4,445.40 twin double, paid on three horses.

BUFFALO, N.Y. (AP) — The Buffalo Bills of the American Football League signed rookie halfback Jessie Murdock and placed ailing halfback Wayne Crow on waivers Tuesday.

TIES FOR FOURTH

Don Stough, assistant pro at the Gettysburg Country Club, and Dick Slichter, pro at the Chartrell CC and former pro here, were among those finishing in a tie for fourth place in the Howard County Open Golf Tournament Tuesday at Ellicott City, Md. They recorded two-day scores of 144.

John Berry, Philadelphia, won the tournament by sinking a 40-foot putt on the second hole in a sudden death playoff with Mel Rowe, Fairfax, Va. They had finished with 143s with Wynsol Spencer, Newport News, Va., who omitted the playoff and was dropped to third place.

OLD-FASHIONED PLAYS DOING WELL ON GRID

NEW YORK (AP)—It's almost impossible to blitz a swift single wing tailback or to red dog a halfback taking a handoff to go inside tackle. Hence the teams that stick to old fashioned running football are doing well in the won-lost records.

That is indicated by team statistics released today by the NCAA Service Bureau. The first 10 teams in the rushing offense tabulation include two of the four remaining unbeaten and untied major college teams and six that have lost only once each. Of the top 10 teams in passing, all but three have lost two or more games.

The statistical decline of Navy, which keeps on winning, and the rise of Utah State highlight this week's team offense figures. Three weeks ago the Midshipmen were tops in three offense departments, last week in one and this week in none. But they're still among the first 10 in total offense, passing and scoring.

Utah State, already the scoring leader, shot to the top in total offense. The Utags lifted their points-per-game mark to 37.5 with a 40-14 victory over Pacific and at the same time shot their yards-per-game average to 394.5.

Nebraska held on as rushing leader with 287.3 yards a game to Army's 276.0.

SEE SPIRITED BIDDING FOR COLLEGE MEN

NEW YORK (AP)—When the pros draft the college stars in another month they can ignore the "red shirt" crop already picked as "futures."

Among the names in that group are Pete Liske and Harrison Rosdahl of Penn State, Mike Fracchia of Alabama, Don Trull of Baylor, Dennis Claridge of Nebraska, J. B. Simmons of Tulsa, John Maczuzak of Pitt and Dave Mathieson of Washington State. All have been drafted in both leagues under the provision that permits prior picking of athletes whose class already has graduated.

Simmons of Tulsa, John Maczuzak of Pitt and Dave Mathieson of Washington State. All have been drafted in both leagues under the provision that permits prior picking of athletes whose class already has graduated.

There should be some frenzied bidding for Liske, Penn State's passing quarterback. He has been picked by the Philadelphia Eagles and the New York Jets. With the Eagles in a jam for quarterbacks due to recurrent injuries to Sonny Jurgensen, and the Jets rebuilding with big money, young Liske should be able to strike quite a bargain.

OTHER DRAFT RIGHTS

Claridge could have an interesting winter, too. Vince Lombardi of Green Bay drafted him No. 3 last December, unusually high for a future. Bart Starr's broken hand focuses attention on the Packers' quarterback situation that suddenly became so desperate that Lombardi grabbed the veteran Zeke Bratkowski on waivers from the Rams. Oakland drafted Claridge in the American Football League.

Ralph Wilson Buffalo owner who has been free with his check book, has both Simmons, the Tulsa end, and Rosdahl, Penn State's injured tackle, on his list. Simmons was drafted by Green Bay in the NFL and Rosdahl by San Francisco.

Houston and Baltimore have draft rights to Trull, Baylor's quarterback, and both the Chicago Bears and Denver have first pick at Mathieson, another quarterback. It will be St. Louis and San Diego after Fracchia, Alabama's running back. Kansas City and San Francisco will be bidding for Maczuzak, Pitt's fine tackle.

PITT FACES TOUGH RIVAL

PITTSBURGH (AP)—Refusing to let one defeat upset him Coach John Michelosen of Pitt will continue junior Fred Mazurek as starting quarterback in Saturday's football game with fast-rising Syracuse.

Mazurek, the primary force in sparking Pitt to its best start in 15 years, experienced his worst game in last Saturday's 24-12 loss to Navy, the Panthers first loss after four victories.

Interception of two of his seven passes led to two Navy scores and his fumble halted a Pitt drive. There had been talk that sophomore Ken Lucas, who tossed two touchdown passes in the game, would replace Mazurek.

"Freddie stays No. 1," Michelosen emphasized at a football writers' luncheon Tuesday. "He had a bad day. It's not easy to say exactly what his trouble was."

Michelosen refused to blame Mazurek for the defeat which dropped Pitt from third to 10th among the nation's teams.

"Everybody made mistakes," he said.

MYERSDALE GRIDDER NEAR STATE RECORD

By DAVE LEHERR

HARRISBURG (AP)—Little Charlie Banks of Myersdale High School needs only 19 more points to become Pennsylvania's new all time scholastic football scoring champ.

But the 175-pound speedster has only one more chance to do it. The unbeaten Raiders close out their 1963 campaign against arch rival Jenner-Boswell this Friday.

To date, Banks has accounted for 74 touchdowns and 13 extra points for a total of 457 points in a sparkling four-year career at Myersdale.

475 IS RECORD

The recognized record is 475 points set by halfback Park Baker of Conemaugh Twp. between 1952 and 1956.

"Charlie will get every chance possible to break that record," promised Myersdale Coach Bob Brougher who learned only last week that Banks was near the record.

Brougher had been taking Banks out as early as the third period along with the other starters when Myersdale was ahead.

"I'd like to see him break the record and the team wants him to have it," Brougher added.

23 TDs 1ST YEAR

After scoring three TDs and one extra point in spotty play as a freshman, Banks broke into the starting lineup in 1961. He tallied 23 touchdowns and one extra point that year and added 26 more touchdowns and seven extra points as a junior.

His 163 total was second only

KENNEDY TO CAMPAIGN IN PHILADELPHIA

PHILADELPHIA (AP)—With elections less than a week away President Kennedy comes to Philadelphia tonight for a pair of Democratic functions.

The trip here is one of two flying excursions planned this week by the chief executive. Saturday he will fly to Chicago for the Army-Air Force football game at Soldier's Field.

The President's trip here is strictly political and was made at the request of the city's Democratic chairman, Rep. William J. Green Jr., to bolster the campaign of Mayor James H. J. Tate.

Tate faces Republican candidate James T. McDermott in next Tuesday's balloting.

President Kennedy, who got a big boost in his election by piling up a 331,000-majority in the city in 1960, will arrive at 5 p.m. at International Airport.

COCKTAIL PARTY

Sen. Joseph S. Clark, D-Pa., is expected to accompany the president. Top party men will meet the president at the airport.

Plans call for the president to drive to the Bellevue Stratford Hotel for a cocktail party and reception.

He will later go to Convention Hall for a 9 p.m. address at a \$100-a-plate fund raising dinner.

Democratic party officials estimated that as many as 4,000 would turn out for the president's appearance at the dinner.

Hurricane Heads For St. Lawrence

HALIFAX, N.S. (AP)—Hurricane Ginny moved over the Gulf of St. Lawrence today on a course for the west coast of Newfoundland after lashing the Maritime Provinces with winds up to 100 miles an hour.

In her wake, she left uprooted trees, disrupted communications and stalling shipping. There were no reports of casualties.

The weather office at Gander, Nfld., predicted Ginny would follow its passage across the east end of Anticosti Island in the Gulf of St. Lawrence and along the coast of Labrador.

FINED AS DISORDERLY

A fine of \$25, plus costs, was paid by Barry Lee Shealer, 23, Gettysburg R. 6, before Justice of the Peace Dayne E. Garrett, Hanover, early Tuesday after his apprehension by Hanover police at 12:35 a.m. on a charge of disorderly conduct.

Many others, using tickets distributed this week, will be admitted after the dinner. The president will fly back to Washington after the dinner.

Democrats here hope Kennedy's presence will spur party workers to bring out thousands of voters for Tate in next Tuesday's election.

Tate is seeking his first election as mayor. He moved up to the post in February, 1962, when former Mayor Richardson Dilworth resigned to run, unsuccessfully as it turned out, for governor of Pennsylvania.

14 BREAK JAIL; TWO CAPTURED

MAYS LANDING N.J. (AP)—Fourteen prisoners staged a mass escape from their Atlantic County jail cellblock early today.

Two were captured in a stolen car in West Berlin by state police who warned the escapees must be considered dangerous.

All local police agencies in south Jersey were alerted and 30 state troopers were sent into this area.

Sheriff Gerard L. Gormley said the escape "has been a long-time operation."

"This wasn't a one-night thing," he said.

He said the prisoners, all in a second-story cellblock, first removed a toilet that led into a pipe chamber. From the chamber, the inmates climbed to the top of the cellblock and then

BAKER PROBE IS UNDERWAY IN SECRECY

By G. MILTON KELLY Associated Press Staff Writer WASHINGTON (AP)—Senators delving into the business affairs of Robert G. Baker are working behind a barrier of secrecy they say is essential in the early stages of the investigation.

Baker the one-time page boy who achieved wealth and power as secretary to the Senate's Democratic majority, resigned under fire Oct. 7.

Sen. B. Everett Jordan, D-N.C., chairman of the Senate Rules Committee, said it was necessary to take exploratory testimony behind closed doors to avoid hurting innocent persons because of association with the inquiry.

But Jordan said the investigation at some point "would be opened to the public, with Baker as a witness."

The next closed session of the Rules Committee is scheduled Friday but procedural matters are scheduled rather than the hearing of testimony.

The committee's task is to determine whether Baker or any other Senate employee has been involved in conflicts of interest between official duties and personal business affairs.

FORD PROFITS DOWN AS SALES HIT NEW RECORD

By CHARLES C. CAIN AP Automotive Writer

DETROIT (AP)—Ford Motor Co. set a nine months' sales record this year, but its profit picture was not as rosy as that of Chrysler or General Motors. Tuesday Ford became the last of the nation's three biggest auto makers to file its financial report for the first three quarters of 1963.

All reports agreed the auto business has been very good.

For economists who consider the auto industry a key indicator of the nation's business situation, there was heartening news.

OTHER PROFITS UP

GM in its third-quarter report Monday said its profits through September exceeded a billion dollars. Chrysler reported over \$100 million in the same period.

Ford sales for the first nine months this year were almost \$6.2 billion with profits of \$346 million, or \$3.14 a share. The previous record for a nine-month period was in 1962 when sales were about \$5.8 billion, with profits of \$350 million, or \$3.18 a share.

There was no comment on the decline in profits in the report to Ford shareholders, which

was signed by Henry Ford II. DISCONTINUE METEOR

An examination of the figures told the story: Of eight domestic Ford cars only two—Ford and Mercury—showed an increase in the first nine months of this year over production for the same period of 1962. The Fairlane, Falcon, Thunderbird, Meteor, Comet and Continental showed declines. The Mercury Meteor was discontinued this year.

Explaining the small drop in profits, Ford spokesmen said increased costs of materials and increased wages are among the factors involved. They also cited "unusually heavy expenses in tooling up for our 1964 models."

James MARLOW Reports

The Associated Press

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—There's no room at the top to relax. President Kennedy and Premier Khrushchev could sigh with relief when they signed the limited nuclear test ban treaty. It was one big headache out of the way. They could breathe a little easier. But not for long.

Even as he signed the treaty, Khrushchev was in the midst of a developing disaster for communism. His Red Chinese allies were denouncing him harder than ever. And besides, Russian agriculture was in foul shape.

MAYBE HE'S KIDDING

He had to admit it to the world by buying wheat abroad. And, if he meant it, it's no wonder that over the weekend he bowed out of the race to the moon, saying he'd be glad to watch the United States try it.

It's an expensive contest and he could use the money better for things closer to home. But he wasn't completely convincing.

There's always the chance he was trying to kid the United States into giving up its moon try. He may have had some luck in this, too. Congress now will probably be more reluctant to vote money for the American moon program.

JFK'S PROBLEMS

It's too soon to say Khrushchev is in serious trouble at home. But it's doubtful he can keep the reins indefinitely if disaster pursues him in other ways obvious not only to the world, but to the Russian people, too.

Peace and prosperity would be an ideal platform for Kennedy's re-election campaign next year. But right now he can't be sure how much of either he will have to point to when the 1964 campaign begins.

Civil rights advocates put on the biggest march on Washington in American history in August to show their solidarity and determination in wanting rights. About 200,000 people took part.

This impressive, but peace-

ful, demonstration was particularly intended to impress a Congress which was then juggling Kennedy's civil rights bill and generally showed no great enthusiasm for the President's requests.

Kennedy will probably feel he's lucky if Congress approves the bill this year.

And the same goes for his request for a tax cut. This was supposed to give the economy a shot in the arm, starting at the beginning of 1964. If neither program makes it this year, he'll try for both again next year.

'64 MAY BE LATE

But a tax-cutting bill approved somewhere in the middle of 1964—if it is approved—may be too late to help the economy much by next November's election.

And if Negroes have to wait until 1964 for a civil rights bill—and they look on the one Kennedy proposed as just a mild one—they may not wait peacefully.

Their demonstrations all over the country subsided after the march on Washington as if in a gesture of good will to let Congress do what they felt was needed.

CAN BE HURT

But if this Congress ignores them and goes home without putting new civil rights laws on the book, it seems a good bet that Negro patience will burst into violence in many places.

So, even if Kennedy in 1964 is able to point to peace abroad, there may be little peace at home. And, if Negroes feel he didn't try hard enough and stay away from the polls in northern cities next year, he'll be hurt.

In the meantime, frustrations and irritations build up for him overseas. While he was trying—and still hasn't succeeded—to get some sense and movement into the struggle against communism in Viet Nam, right under his nose in Latin American democracies were overthrown by dictatorships.

NO CUBA SOLUTION

Fidel Castro in Cuba is an open sore and will be used against him by the Republicans in 1964 unless he finds some solution, and none is in sight.

And he's so fed up with needing from French President De Gaulle and the worry of Western allies that this country will pull its troops out of Europe, his administration over the weekend issued a pained rebuke.

Secretary of State Dean Rusk had to tell the allies—who years

Orrianna

ORRTANNA — Mrs. Norman L. Plank, Orrianna R. 1, was fated at a birthday dinner Sunday at the home of her sister-in-law, Mrs. Mervin Kepner, Gettysburg R. 3. Also present were Mr. Plank and Mr. and Mrs. Vernon Kepner and children, Anna, Linda and Cindy. A musical birthday cake decorated the table.

Howard Saum visited during the last week with his brother, Mark, at the Homewood Church Home in Carlisle, where Mr. Saum has been a guest for some time. Mark Saum is improved following a recent illness.

Mr. and Mrs. Benjamin Smith and children, Benny, Curtis and Jo Ann and Mrs. Margaret Smith, Baltimore, were Sunday dinner guests of Mr. and Mrs. Luther Wetzel.

The Junior Methodist Youth Fellowship at the Orrianna church met recently at the home of Mr. and Mrs. Revere March with 15 members present. The meeting opened with Scripture reading by Kenneth McDannell and prayer by Bonnie Flenner. The secretary's report was given and the group decided to rake leaves as a project. They discussed Bible reading in the schools and "why we go to church and Sunday School." At the next meeting the meaning of thanksgiving will be the topic. There were games and refreshments after the meeting.

The next meeting will be held November 14 at 6:30 p.m. at the March home.

Pigeon Population Is Given Reprieve

NILES, Mich. (AP)—Niles' downtown pigeon population won't face a firing squad—it's been given a reprieve by Mayor Mowitt S. Drew.

A businessman had proposed lining up 125 marksmen on a Sunday morning mostly along downtown rooftops, for a one-hour pigeon shoot.

Drew rejected the plan as too dangerous.

DIES IN CRASH

BUFFALO, N.Y. (AP)—Mrs. Annabelle Dill, 61, was killed Tuesday night when her husband, Edward, 61, apparently suffered a fatal heart attack at the wheel of their automobile, causing it to swerve into three other cars at an intersection.

Letter To The Editor

Dear Editor:

Thousands of people are confronted with the drought existing in our local communities. In my travels throughout the Adams County area, I have learned that people are conserving water; in many instances using a bare minimum. In hundreds of cases, people are required to haul water to provide for their everyday needs. It seems that some people are negligent in their thinking, as was brought to my attention, and this is the point I would like to bring out in this letter. Our Highway Department officials are either being ill-advised or following a seasonal routine by utilizing berm cutting equipment. By this I mean using graders in small rural community areas to cut the berms of our highways, resulting in a massive, filthy, dusty condition to all home owners and rural residents.

It is a known fact that families who usually are required to do their home laundry twice a week are now doing their laundry every two weeks. Can you imagine what the laundry must look like after hanging outside during this dusty operation.

In these communities laden with dust settled homes, many people are bitterly objecting. If water were plentiful, this condition could be eliminated by a washing down of their homes and surroundings. Since it is not, it is the feelings of

Brother Arrests His 3 Brothers

BRIGHTON, Colo. (AP)—A drama of three brothers arrested by a fourth played its latest act in District Court Tuesday. Francis and Peter Hoffman, 20-year-old twins, were placed on probation for burglarizing an automobile repair shop. Last month, their brother, Virgil, 27, was sentenced to two to three years for the same burglary.

The three were arrested last March 9 by policeman Gilbert R. Hoffman, 29.

"They were my kin," the oldest brother said today, "But I knew what had to be done and I did it."

LIFT 103 LICENSES

ATLANTA (AP)—Drinking people in the Atlanta area may have to scout around considerably today to find a source of supply. The licenses of 103 of the city's 187 retail liquor stores have been suspended until Dec. 2. The penalties were imposed for sales to minors.

These people that the Highway Department discontinue this operation until such time as we are relieved from this drought and water shortage. This would be a great service to the public.

Sincerely
FRED G. KLUNK

TRAPPED MEN CRACK JOKES

BROISTEDT, Germany (AP)—Three high-spirited men trapped in an iron ore mine since Thursday continued cracking jokes with their rescuers Tuesday as a rescue shaft passed the halfway mark.

"Don't send down too much stuff—we'll only have to bring it out of the shaft again," one of the miners quipped over a supply tube that has been bored down to them 259 feet below the surface.

Three Areas Get Water, Sewer Aid

WASHINGTON (AP)—Pennsylvania communities will receive three federal advances to plan sewer and water facilities, it was announced Monday by the Community Facilities Administration.

The projects: Mount Pleasant Township, Westmoreland County, \$26,362 for sewer facilities to cost \$584,150; Ralpho Township, Northumberland County, \$8,487 for sewer facilities to cost \$175,000 and Bainbridge, \$12,200 for water facilities to cost \$262,000.

pers go down to the three via the six-inch tube.

If boring operations continue at the present rate of five feet per hour, the men could be rescued Wednesday. But Rudolf Stein, the mine director, warned that geological variations in the earth could slow the speed of the drilling.

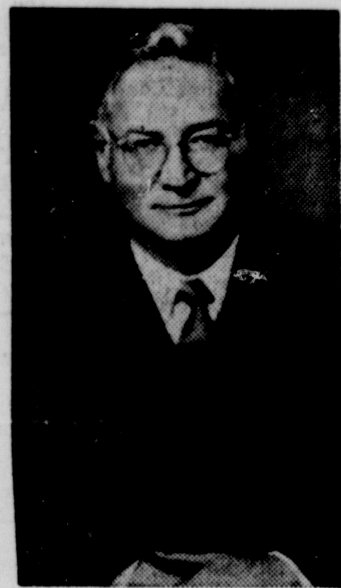

After 46 hours of drilling, the rescue shaft had reached the halfway mark.

A more powerful drilling rig was put into action Tuesday on a second rescue shaft.

The three were trapped in an air pocket in a gallery when a nearby dam burst and flooded the mine. Eighty-six miners managed to escape, but 40 others are still unaccounted for and are believed to have drowned.

MOB PROTESTS KILLING BY PHILA. COP

PHILADELPHIA (AP) — A mob of about 500 Negroes, apparently protesting the killing of a Negro by a policeman, swarmed through a section of North Philadelphia Monday night, terrorizing automobile drivers and smashing store windows.

The angry mob hurled insults at authorities, looted stores and pelted cars driven by whites with bricks and rocks.

Roving foot patrols finally quieted the area. The streets were quiet at midnight, but littered with shattered glass from store windows.

CLAIM SELF-DEFENSE

At least 34 police vehicles and 60 uniformed policemen were called to the scene to help quash the riot.

The outburst came after a sidewalk meeting conducted by a group identified as the North Philadelphia Committee for Equal Justice.

Wollie Philpaw Jr., 24, was fatally shot Saturday night. Police said Philpaw was killed in self-defense after pulling a knife on patrolman John Tourigian.

LAYOFFS HIT FISH INDUSTRY AFTER SCARE

DETROIT (AP)—The three-week-old botulism food poisoning scare is causing a reported 20,000 layoffs in the Great Lakes commercial fishing industry. Meantime, the nation's fishing industry is fighting to restore public confidence in its smoked fish product.

Great Lakes area layoff reports came from commercial fishing sources Monday as representatives of the industry began meetings with government officials at Washington in an effort to regain the housewife's favor.

Sales of smoked fish plummeted after seven deaths from botulism and a government warning to the public not to eat smoked fish from the Great Lakes area unless it is known to have been properly processed.

BLAME SMOKED FISH

The seven deaths, blamed on botulism in smoked fish, were in Michigan, Tennessee and Alabama.

The federal Food and Drug Administration agreed after the meetings with industry men to issue a statement re-emphasizing that its warnings on smoked fish does not apply to fresh fish, salt water fish, canned fish, fresh-frozen fish or smoked fish from any place except the Great Lakes region.

Deputy FDA Commissioner John L. Harvey said some industry men felt that some aspects of the FDA's warning had led to public misunderstanding. California ordered removed from retail outlets any smoked whitefish or chubs from the Great Lakes area. These included Great Lakes fish smoked and packed in California.

MINE CAVE-IN REPORT GIVEN

WASHINGTON (AP)—Lack of a second travelable opening prolonged considerably the dramatic rescue operation that saved two miners trapped for two weeks last August in a Pennsylvania coal mine, the Bureau of Mines reported Tuesday.

Safety experts from the bureau arrived at the mine in Shepton, Pa., less than five hours after the accident and helped to rescue the two miners, David Fellin and Henry Throne.

A third miner, Louis Bova, was cut off from Fellin and Throne in the cave-in that trapped them. His body was not recovered.

Afterward, in line with customary bureau procedure, the experts conducted an investigation in cooperation with state mining officials to determine the cause of the accident and propose ways for preventing similar cave-ins.

The report was made public by the Interior Department. It describes every major move in the rescue operation from the time the three miners entered the underground workings early on the morning of Aug. 13 until Fellin was pulled to the surface at 4:22 a. m. on Aug. 27 through the same borehole from which Throne had emerged minutes before.

MARTIGUES, France (AP)—Police said Tuesday they had found four tons of arms in a vacant house near this town in southern France.

The authorities declined to give any details as they began an inventory of the weapons. There was speculation that the arms were stocked by the anti-Gaullist Secret Army Organization, which had opposed Algerian independence. The terrorist group has been largely inactive for the past year.

Workmen Assemble Titan 2 For Two-Man Gemini Orbit

By HOWARD BENEDICT
AP Aerospace Writer
CAPE CANAVERAL, Fla. (AP) — A 90-foot-tall Titan 2 rocket, split into two stages, rolled onto launch complex No. 19 on special shock-resistant wheeled carriers. Workmen gingerly started to unload the valuable cargo.

Thus, an Air Force-contractor team began Monday the complex task of preparing the rocket for the first launching in the United States' next man-in-space effort, Project Gemini.

The initial flight will attempt to hoist a mockup model of the two-man Gemini spacecraft into orbit. It will tell engineers many things: the structural compatibility of the spacecraft and booster; temperatures and pressures which will affect the combination; performance of the guidance system, and Titan's ability to place a payload into a precise orbit.

UNMANNED FLIGHT

The flight will be one of two, perhaps three, unmanned launchings designed to "mature" the Titan 2 for astronaut orbital and space rendezvous missions. The first astronaut flight is scheduled late next year.

The intercontinental-range Titan 2 has performed well in military weapon tests—but it is far from ready for manned flight. The major problem is a vibration which could blur the astronauts' instrument panel during the critical launching phase.

The vibration trouble is one reason the Gemini program is a year behind schedule. It has been called the "pogo effect" because it vibrates the length of the missile like a boy hopping up and down on a pogo stick.

VIBRATION PROBLEM

The chief of the Air Force Gemini launch division, Lt. Col. John G. Albert, told newsmen about the difficulty.

"It occurs between 90 and 140 seconds after launching and vibrates at 11 cycles per second," he said. "We haven't pinpointed the precise cause. There are several things under study."

The turbopump is believed to

be the most likely villain and its impeller is being redesigned. Albert noted the Titan 2 has been modified considerably for the Gemini flights and as a result it may not have the vibration problem.

"That doesn't mean we're not concerned," he said. "It might turn out to be worse."

Space officials are making two approaches to the trouble: surgically cleaning the second stage engine to prevent clogging of fuel orifices and redesigning the engine with more orifices.

STATE WARNS AGAINST FISH

HARRISBURG (AP) — Pennsylvania housewives, food wholesalers, retailers and processors were warned Tuesday to destroy all smoked fish products from the Great Lakes region immediately.

The warning came from the state Agriculture Department. "We are taking this step to avoid the possibility of an outbreak in Pennsylvania of Type E botulism such as occurred recently in Tennessee and Kalamazoo, Mich.," said Delmar K. Myers, acting director of the department's Bureau of Foods and Chemistry.

Seven deaths from botulism poisoning have been traced by the U.S. Food and Drug Administration to smoked whitefish and chubs produced in the Great Lakes area. The FDA describes the products as those "packaged in sealed plastic wrappers and those that are sold in bulk without any package or wrapper."

Canned fish products are not involved, Myers said.

Village Dispute With India Eases

RAWALPINDI, Pakistan (AP) — Pakistan's foreign minister says the immediate danger of a conflict with India over a village on the Kashmir cease-fire line appears to have subsided.

Foreign Minister Zulfikar Ali Bhutto added Monday that the over-all situation in Kashmir State, claimed by both countries, remains dangerous.

Pakistan has accused India of massing troops in the neighborhood of Chaknot village, which is held by Pakistan. India countered with charges of warlike acts by the Pakistanis.

ARREST PLOTTERS

SEOUL, Korea (AP) — Twenty conspirators plotted to kill President-elect Chung Hee Park at the Seoul railroad station 11 days ago, high sources in the military junta said Tuesday.

Five of the plotters have been arrested, they reported. The sources said the assassination plot was discovered and Park got off his train about a mile south of the station.

People In The News

ROME (AP) — Former Empress Soraya of Iran, an aspiring movie queen, will play an Italian princess before she gets a chance to be Catherine the Great of Russia in a movie her producer hopes to film in the Soviet Union.

Italian filmmaker Dino de Laurentiis, who has Soraya under contract, disclosed this in a press statement today.

He had announced earlier this month that Soraya's first movie would be about Catherine under the title "The Empress." Today he said her first movie will be called "The Secret" and will be a "modern love story with an international setting."

Ike Heads Board On English Group

PHILADELPHIA (AP) — Former President Dwight D. Eisenhower was elected chairman of the National Board of Directors of the English-Speaking Union of the United States Tuesday.

Eisenhower, in a statement released with the announcement of his election, said he was "indeed happy to be associated with an organization which plays such an important role in fostering friendship between the peoples of the United States and the Commonwealth and particularly between Americans and the people of Britain."

Officer Shoots Child In Fight

PHILADELPHIA (AP) — A seven-year-old girl and a constable were injured here Monday in an incident over a \$12 fine.

Jacqueline Freeman, of suburban Darby, was wounded in the right leg by a ricocheting bullet from the gun of Louis Sheeran, 33, a constable who had come to collect a traffic fine from her father, Eugene, 33.

According to Darby police, Sheeran had a warrant for Freeman, and when the man said he had no money, the constable took out a pistol and ordered Freeman to accompany him. The gun went off and the bul-

EVIDENCE OF DRUG CARTEL

NEW YORK (AP) — The New York Herald Tribune said Tuesday it has turned over to the Senate Antitrust subcommittee "secret documents of a worldwide cartel that rigs drug prices."

The newspaper said it obtained the papers from several sources. It did not elaborate.

In Washington, Sen. Philip A. Hart, D-Mich., said the papers have been received by the subcommittee, which he heads. He said South American drug marketing practices and how U.S. firms are involved has been studied by the subcommittee behind closed doors for some time.

The Herald Tribune said "experts who have reviewed the documents are convinced that the price structure of certain drugs widely marketed in the U.S. is based on international agreements."

The two men, intending to take the youngster to the hospital, went outside and got into an argument. The pistol went off, wounding Sheeran in the left hand, according to the police.

The two victims were treated at Fitzgerald Mercy Hospital.

Scranton Urges Law Revisions

JOHNSTOWN, Pa. (AP) — A revision of the state constitution would give local government units more authority, says Gov. Scranton.

The governor told a Johnstown news conference yesterday the present constitution places a sizeable amount of power in the legislature.

Scranton has been urging Pennsylvanians to vote in favor of a constitutional convention in the Nov. 5 election.

The governor spoke later at New Kensington and declared that industrial development and other forms of government-promoted development go hand-in-hand.

"Programs of health, welfare, highway construction, education and law enforcement are just as much part of the industrial development as providing for industrial loans," Scranton said.

PITTSBURGH (AP) — Snow fell in some parts of northwestern Pennsylvania and northeastern Ohio early Tuesday where temperatures hit the 80s just a few days ago.

State police in Erie reported light flurries in their area but no accumulation.

Ohio Highway Patrol at Youngstown and Warren reported snow falling in their areas and in Lake and Geauga counties with about one inch accumulation in Youngstown.

PLAYGIRL TO FACE TRIAL

LONDON (AP) — Playgirl Christine Keeler was held for trial Tuesday on charges of perjury and conspiracy to obstruct justice. Conviction on these charges carries a maximum penalty of 28 years in prison.

Also held for trial at the Old Bailey Court were three codefendants. The action was taken after a preliminary hearing by Marylebone magistrate's court. The others held are Christine's apartment mate, Paula Hamilton-Marshall, 23; their housekeeper, Mrs. Olive Brooker, 56, and West Indian Rudolph Fenton, 39.

Their trial before a jury was ordered by the judge after the police prosecutor finished presenting evidence charging that Miss Keeler and her codefendants gave false testimony and concealed relevant facts in the trial of Christine's ex-lover, Jamaican jazz singer Aloysius (Lucky) Gordon, when he was convicted earlier this year of having beaten her.

Christine, 21, whose affair with former War Minister John Profumo rocked the British government, was charged with committing perjury to get Gordon, a Negro, sent to jail.

Fayette County Residents Want Federal Food Stamps To Aid Needy Permanently

(Editor's Note: More than two years ago Fayette County became the first area in Pennsylvania and one of eight throughout the country to inaugurate the new federal food stamp program. The following story explores how the program has worked in Fayette County, its personal and economic impact.)

By RALPH SCHULZE
Uniontown Evening Standard
UNIONTOWN Pa. (AP)—Fayette counties like the federal food stamp program.

It's been in operation in Fayette County about 28 months, and everyone is hoping it becomes permanent. Right now it's on an experimental basis.

"There is very little criticism of the food stamp program in Fayette County—it has been accepted by most people," says William Dienes, current county supervisor of the program.

Food stamps are popular with grocers, the jobless and those with low income. They benefit.

AIDS NEEDED
Dienes says the food stamp program has been a boon to the county's needy and a sound investment on the part of Uncle Sam. He adds:

"It's much superior to the old surplus distribution setup."

Under the old system, which is still in use in all but four of Pennsylvania's 67 counties, only eight commodities were available. Today, the food stamp purchaser has a choice of hundreds of items.

This has greatly improved the diet of thousands of needy persons in the county.

This was one of the original goals of the program when it was first announced by President Kennedy in early 1961.

The President wanted to make more food available to Americans who through no fault of their own were out of work or strapped by low income.

Tied in with this was the President's desire to invigorate the economy of distressed areas through increased grocery sales.

ONE OF 42 AREAS
In Fayette County, one of 42 places in the nation where the program is now in operation,

both goals have been attained. The program started in Fayette County on June 1, 1961. It made its debut in seven other areas of the nation on or about the same time.

To Fayette County, which had one of the highest rates of unemployment anywhere in the United States—it is still about 13 per cent—the program was a Godsend.

Families began eating better, grocers began ringing up more sales.

Claude Parnell, first person in Fayette County to buy food stamps, was typical of the thousands of persons who flocked to the state welfare office in Uniontown to be certified eligible to participate in the program.

Parnell had been a coal miner all his life but when the mines went in heavily for mechanization or became worked out he lost his job. He had not been able to find another.

Now 61, he was supporting himself, his wife, and their two children on a United Mine Workers pension.

The program was a boon to Parnell. His wide grin as he bought the first stamps from Mrs. Ruth Grigg Horting, then state Secretary of Public Welfare, showed that he realized it.

20,000 ELIGIBLE
In August of this year, more than 20,000 persons out of a total population of 170,000 were eligible to purchase food stamps. More than 19,000, or 98 per cent, did.

The program has had a healthy impact on the county's economy. Between June 1, 1961, and the end of September 1963, more than \$7.3 million worth of food stamps were bought. Another \$4.4 million worth of stamps were given to the purchasers.

The more than \$11.7 million injected into Fayette's economy had a tonic effect. It added \$4 million worth of purchasing power to the county.

During the 28 months the program has been in operation here, the number of food stamps given away by the federal government has been 37.44 per cent of the total issued.

of participation has been consistently high ever since the program started. None of the other 41 participating communities in the nation has surpassed the 98 per cent mark set here in August, 1963 although some have equaled it.

Three other areas in Pennsylvania—Luzerne and Cambria counties and the city of Pittsburgh—have the food stamp program.

Hopes are high that the program will be expanded and made permanent.

A Lovelier You

By MARY SUE MILLER

THE BACKWARD GLANCE. As the party season gets underway, satin-smooth upholstery for the back is in sudden demand. The boom stems, of course, from all those bare backs in evening fashions. To meet the exposure, the territory has to be near perfection.

Ways to overcome flaws are detailed below:

If the skin is dry or scuffed, add a water-permeable bath oil to your daily tub and soak for 10 minutes. Then, with mild soap and a long-handled brush, gently scrub the area. Dry briskly until the skin is pink. Finish with a body-lotion massage.

If blackheads are the problem, brush-scrub daily and pat on an

antiseptic lotion at bedtime. Twice weekly, apply a grainy cleanser while bathing and massage it in with a long-handled sponge.

If eruptions are the trouble, the controls are medicated soap and lotion. Both should be used at least twice daily. For lathering, reserve a soft sponge; rinse extra well and blot dry. Swab on the medicated lotion at once with

sterile absorbent cotton. If fatty pads mar the back contours, perform this corrective routine: Kneel on the floor and bend forward until hands rest on floor directly under shoulders. Fling left arm up and back as far as possible; follow movement with head. Repeat 20 times, then work out with right arm.

If the back needs "fill," sit on the floor with legs out straight. Clench fists and try to touch toes. Very gradually straighten back, pulling fists to touch sides of ribs and rotating shoulders from front to back. Repeat 10 times with stopping. Aim for slow, rhythmic, unbroken movements.

CURVE FOR THE LEGLINE

If your loveliness problem is thin, shapeless legs, send for my leaflet, MORE CURVE FOR THE LEGLINE. It shows how to build up contours with spot-increasing exercise. The leaflet also includes your ideal leg measurements and tips on a graceful stance as well as flattering footwear. For your copy, write to Mary Sue Miller,

HAWKS' RALLY BEATS KNICKS

By THE ASSOCIATED PRESS

The St. Louis Hawks pulled off a Frank Merriwell feat with 31 seconds left to play and beat the New York Knicks in a National Basketball Association game Tuesday night.

Behind 95-89 the Hawks stole a page from the accomplishments of the fictional sports hero, tied the score at 95-95 in regulation time and went on for a 109-103 overtime victory.

The Cincinnati Royals whipped the San Francisco Warriors 108-101 in the other scheduled game.

Mike Farmer's basket started

the heroics for St. Louis in the game at New York. John Barnhill followed with a one-handed pass from Tom Gola and scored the tying basket. Barnhill followed up with four points as the Hawks took a 105-96 lead in the overtime en route to their third straight victory.

At San Francisco, Cincinnati led all the way in defeating the Warriors. Oscar Robertson led the Royals with 25 points while Wilt Chamberlain topped the Warriors with 20 points.

The 1962 Giants scored 21 runs in the seven-game World Series yet lost to the Yankees who tallied 20 times.

Mrs. Neuberger Continues Husband's Fight To Limit Side-lines Of Congressmen

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Five years ago Sen. Richard L. Neuberger, Oregon Democrat, complained that nobody polices the policeman, that Congress can investigate the whole area of government but nobody polices Congress.

For example: The head of a government department must rid himself of his stock before the Senate, to prevent conflict of interest, lets him take office. This is to prevent his profiting from some company he may do business with.

CONGRESS EXEMPT

But a member of Congress can have all kinds of outside interests, and even fight for a law to help those interests, but he doesn't have to rid himself of anything or reveal anything about his total income.

Neuberger said: "I fear it has a corroding effect on government generally when a member of the President's Cabinet can be ordered to jettison his corporate portfolios by senators who themselves may be dabbling in oil, cotton futures, television, hotel chains or uranium."

"If federal commissioners are to be pilloried for accepting airplane tickets to Palm Beach, how can senators and representatives continue profitable associations with law firms retained by banks, railroads, labor unions and utility companies?"

CALLED FOR LAW

In short Neuberger was calling on Congress, which has passed laws to prevent conflict of interest on the part of federal officials and other government employees, to pass a conflict-of-interest law on itself.

Congress ignored him with great calmness, as it has ignored similar proposals by other members of both houses for years. Recently two former members of Congress were convicted of influence - peddling while they were in Congress.

Neuberger died in 1960. His wife, now Sen. Maurine Neu-

berger, also an Oregon Democrat, was elected to succeed him that same year. Last week she picked up where her husband left off.

She and Sen. Clifford P. Case, New Jersey Republican, asked consideration of a bill they had introduced requiring top government officers, members of Congress and their staff to report their yearly incomes, including gifts of substance and assets and liabilities and their financial transactions to the comptroller general, with these reports available to press and public.

PROPOSAL IGNORED

Case has made this kind of proposal repeatedly and, like the late Neuberger, has been ignored.

He and the present Sen. Neuberger made their pitch in a letter to Sen. B. Everett Jordan, North Carolina Democrat who is chairman of the Senate Rules Committee which today begins an investigation of a former Senate employee, Robert G. Baker.

Baker, who was paid about \$20,000 a year, resigned this month as secretary of the Senate Democrats after newspaper disclosure that he seemed to have an extraordinary number of outside financial interests.

His duties included a wide variety of personal and business favors for Senate Democrats. In addition to his various outside business interests he had a law practice.

\$300,000 CIVIL SUIT

What started the disclosures about him was a \$300,000 civil damage suit filed against him by the Capitol Vending Co., which charged he had accepted commissions of \$5,600 to put its machines in plants working for the government and then had ended the deal when Capitol refused to sell out to another vending company in which Baker is alleged to have held stock.

The Jordan committee's hearings on Baker's financial activities were to be held behind closed doors.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — Every man's life is measured by his memories.

They are his mental Baedeker, the fadeless guidebook of the mind.

Memories also are the lasting fingerprints of the soul. No two people, no matter how deeply shared their lives, ever have quite the same set. We are born individual, and as we age our memories accent that individuality.

But they also help keep us mutual. And you've passed a lot of milestones yourself if you can remember when—

MARBLES COUNTED

Dad first let you drink from the nozzle of the garden hose as he watered the lawn—and it had the most wonderful flavor in the world.

White collar workers earned more than blue collar workers. The wealthiest guy in the block was the kid with the most marbles.

The worst fate that could befall you was to be picked last when the gang was choosing up sides to play a game of scrub football.

Mrs. Neuberger and Case told Jordan that if their bill on financial disclosures by members of Congress and their employees had been law Congress would not have had to be informed about Baker by outside sources.

CONGRESSIONAL PROBE

While Congress has shown practically no interest over the years in proposals like those of Neuberger and Case, it has been prompt to get indignant about wrongdoing in the executive branch and has had full-scale investigations.

Right after President Kennedy took office in 1961 he asked Congress to tighten and broaden the laws against conflict of interest as it applies to employees of the executive branch. The law was passed quickly.

But there's hardly a chance in a billion that Congress will do anything about itself.

Voters would listen patiently for two hours in the hot sun while a politician orated on the benefits of the protective tariff. When you wanted to plant a garden, you wrote to your congressman and asked for free seeds.

FROWNED ON TAN

Girls thought curls were a blessing and freckles a disaster. Only farm girls had a tan; mothers of city girls never let their daughters venture out bareheaded in the summer for fear this would ruin their complexion.

Every young lady could play a musical instrument—even if it was only the tambourine.

You could tell how cold it was in winter by how far the frozen cream stuck out of the bottle the milkman left at the front door. Only rich families had oranges except at Christmas—or when

Chevy II Nova 4-Door Station Wagon.
Luggage carrier rack shown, optional at extra cost.

WOW!

A pretty potent mixture.

The car's the same size. As trim and easy to handle as ever.

But now you can have a full-grown V8 in it. A Turbo-Fire 283* that turns out 195 hp.

It's the kind of machine that doesn't take much coaxing to get in motion. (Especially when you consider it has over 60% more power than the Chevy II that won North America's toughest rally last spring—the Shell "4,000.")

And for '64 we've also added a choice of a 4-speed Synchro-Mesh transmission* with a floor-mounted shift.

But in case your tastes run somewhat milder, we should

point out you have a pick of three other engines as well. The standard 4 (on 100 Series sedans), the standard 6 and a new 155-hp 6*.

And, whatever one you decide on, it's reassuring to know you're getting a car built with the pure and simple integrity of a Chevy II. (Upkeep has been even further reduced this year by such refinements as larger self-adjusting brakes.)

It's a simple matter to spot one of these '64's by styling touches like the new grille design and trim accents. But we'd like to suggest a more memorable way. Drop down to your dealer's and drive one.

CONGRESS WILL WORK NONSTOP TO NEW TERM

By JOE HALL

Associated Press Staff Writer
WASHINGTON (AP) — Congress will stay in operation right up to the start of the 1964 session. Even so, it may not have time enough to act this year on the top-priority tax cut and civil rights legislation.

Senators got the news Tuesday of the onstop session—the first in 22 years—from Democratic Leader Mike Mansfield. And House leaders indicated they expect about the same sort of schedule.

ANNOUNCES HOLIDAYS

Mansfield told his colleagues to expect a one-day break for Veterans Day, two days off at Thanksgiving and a 12-day Christmas-New Year's recess. Mansfield said the Senate would be back Jan. 2 and that it might meet the morning of Jan. 3. The first session of the 88th Congress must—by law—end at noon that day.

If the Senate convenes in the morning of Jan. 3, it will stop at noon and reconvene one minute later to start the second session, Mansfield said.

The Senate will be faced with a bigger load in November and December than the House.

PASSES TAX CUT BILL

The House has passed one of President Kennedy's two top priority bills, the \$11-billion tax cut. The other a civil rights bill, was approved in committee Tuesday. Both are in the hearing stage in the Senate.

The limitations of the calendar appeared to make it almost certain that Congress cannot pass the bills this year.

Senate Republican Leader Everett M. Dirksen told newsmen it was his best guess that the civil rights bill would reach the Senate about Dec. 1.

A Southern filibuster is expected against the measure and that will probably use up December.

With long debate likely on civil rights, chairman Harry F. Byrd, D-Va., can be expected to shut down his Finance Committee's consideration of the tax measure which he opposes.

The committee now in its fourth week of public hearings on the bill, still has more than 125 witnesses to hear.

Unofficially, however, Senate Democratic leaders say they plan to try to get both the tax and civil rights legislation to the President this year.

Adolph Menjou, Elegant Dresser Of Films, Dies

HOLLYWOOD (AP) — Adolph Menjou, an elegant dresser who mourned the fading popularity of spats and knickers, was himself mourned by Hollywood today.

The veteran actor, whose career spanned more than 50 years and over 200 films, died of chronic hepatitis Tuesday at his Beverly Hills home. He was 73.

Menjou's third wife, the former Verree Teasdale, and their adopted son, Peter, 27, were at his side.

ILL NINE MONTHS

The actor had been in ill health nine months, his son said.

Menjou, born in Pittsburgh, Pa., was filmdom's epitome of the European gentleman.

His clipped mustache and precise speech, along with his dapper clothes gave him the image. He said it was deliberate.

Menjou attended Cornell University where he wrote, produced and directed college theatricals.

PLAYED WITH STARS

Before World War I, he made screen love to such stars as Marguerite Clark and Norma Talmadge.

After the war, Manjou fol-

lowed the film industry to California. He hit his stride in 1923, appearing in "The Three Musketeers," with Douglas Fairbanks, "The Sheik," with Rudolph Valentino, and "Woman of Paris," with Charlie Chaplin.

From 1924 to 1929, he earned a reported \$7,000 a week. He signed a contract with MGM in 1927 for the same figure, but declined afterward to sign exclusive contracts and remained a free lance actor for the rest of his career.

In 1953-54, Menjou starred as narrator of a television series, "My Favorite Story."

HARRISBURG (AP)—The Auditor General's Department said Tuesday it is delaying payment of a \$2,032 contract for 1,700 Gettysburg centennial medals pending a request for justification of the expenditure.

Wayne Tobias Jr., director of the Bureau of Disbursements, said that the contract for the medals, used in last summer's Gettysburg observance, also was awarded without competitive bidding.

In five of the last seven World Series the losing team scored more runs than the champion.

3 Americans Captured By Viet Cong Guerrillas

SAIGON, Viet Nam (AP) — Communist guerrillas smashed a crack South Vietnamese task force Tuesday and probably captured the three U.S. Army advisers with the 120-man task force.

The three Americans, listed as missing, were two officers and an enlisted medic. Stragglers returning from the rout said both officers had been wounded in the fight.

A second government force of about 200 men, operating only a few thousand yards away, learned of the battle too late to help. U.S. authorities said Communist radio jammers knocked out the channels on all local military radios.

HEAVY LOSSES

The operation cost the Vietnamese special forces an estimated 20 killed, 30 wounded and 12 missing and presumed captured. Heavy weapons lost included a 60 mm mortar. Viet Cong losses were unknown.

"The day ended with the enemy in command of the field," a high-ranking American officer said.

Names of the missing Ameri-

cans were not announced. The U.S. casualty list rose to four late Tuesday when the Air Force pilot of a light spotting plane was hit by machine gun fire. The pilot flew back to his base, however.

Tuesday's fight was in the same area 140 miles southwest of Saigon where another government unit took a beating Oct. 19.

PATROLS COMB AREA

All day today, patrols and spotting planes combed the area where the fight took place but made no contact with the slipped away in small groups on Sampanns.

According to an intelligence estimate, the Viet Cong probably had about 500 troops in the area at one time.

The Viet Cong had been advertising for several weeks that it planned a major attack against Tan Phu, the base of the Vietnamese special forces that took part in the fight.

Military officials said about 300 Vietnamese began moving north against a reported Viet Cong concentration Monday night.

WANTS REAL SPORTSMEN ON STATE BOARD

PHILADELPHIA (AP) — A plea for governors to name only sportsmen and not just politicians to state boxing commissions was voiced Tuesday night by a former Pennsylvania state athletic commissioner.

Frank Wiener, 82, the former commissioner, said he is "against politicians running boxing or any other sport."

Wiener, speaking at the first national convention of the Veterans Boxers Association, said, "every governor should appoint men to his (boxing) commission who are real sportsmen, not those who can get them the most votes or who are behind them politically."

Lew Tendler, one-time popular Philadelphia fighter, said better training is a safeguard against ring injuries. "In my day," he said, "we really trained, so that you never heard of anybody getting killed in a fight."

Joe Guinan of Philadelphia was elected president of the national group. Jack Larkin of Garfield, N.J., and Tommy Kluth of Chicago were elected vice presidents.

Other officers are Irving Silverman of New York, secretary, Charley Ettinger of Allentown, Pa., executive secretary, and Al Frazer of Philadelphia, treasurer.

SAYS BROWNS "REMORSEFUL"

CLEVELAND (AP) — "The boys seemed remorseful, determined to do something about it," Cleveland Coach Blanton Collier reported of his first meeting with the players after the 33-6 whipping last Sunday by New York.

Asked about the attitude of the players, Collier said: "It was real fine."

The coach met with the squad Tuesday, and they all went over the movies of the Giants-Browns game. Collier said he didn't chew anybody out or even blast the team as a whole for its poor showing, which resulted in the first loss after six sparkling triumphs.

"I talked to them as I always have," said the soft-spoken coach. "There were more errors to point out, naturally, but we went over the film in the usual manner."

"I see no reason to push the panic button. I don't feel that the world's coming to an end. I'm expecting us to come back against the Eagles Sunday in Philadelphia and play a real tough football game."

"I've said it before and I'll say it again," Collier declared, "We lost just one game Sunday. We're still leading the division."

At dawn Tuesday the task force charged into the zone three miles north of Tan Phu where they expected to find the enemy—and found nothing.

Two companies in the force met some enemy fire but kept moving. The ill-fated third company ran into a wall of fire.

RESCUERS 62 FEET FROM 3 TRAPPED MEN

By GEORGE BOULTWOOD
BROOKFIELD, Germany (AP) — Rescuers drilled to within 62 feet of three miners trapped in an underwater air bubble before halting operations early today to prepare for the most critical phase of the rescue.

If all goes well, the three are expected to be freed by late Thursday — ending a weeklong ending a weeklong entombment 259 feet below ground in an iron mine that was flooded when a nearby dam broke.

Eight-six miners escaped, but 40 others are unaccounted for and are believed drowned.

Rescuers planned to resume drilling tonight after spending most of the day reinforcing two rescue shafts with cement and steel pipes and constructing special air locks to make sure there is no sudden drop of pressure in the air pocket when the rigs reach the men.

DEAD-END GALLERY

The men are in a dead-end gallery, about the size of a four-room apartment. The pressure in the gallery is more than double that of the normal atmosphere. A sudden drop in the pressure would allow water to flood the airpocket and drown the men.

Once a breakthrough is achieved, a mine foreman and a doctor will be lowered in a bomb-shaped rescue capsule. The doctor will give the three men a quick checkup and advise them how to adjust to the changing air pressure as they are hauled up. The mine foreman will assist the men into the rescue capsule.

The trapped men—Fritz Leder, 36; Emil Pohle, 34, and Gerhard Hausch, 45—continued to take the overhead rescue operations with jovial spirits.

OFFICER WHO KILLED NEGRO IS RELIEVED

PHILADELPHIA (AP) — A white police officer who shot and killed a young Negro man in what he said was self-defense has been relieved of duty pending an investigation of the incident.

The action came in the wake of demands by Negro leaders and riots in North Philadelphia.

Fred T. Corleto, the city's managing director, announced Tuesday that Patrolman John Tourigian had been relieved after a meeting with Police Commissioner Howard R. Leary and the city's two Negro councilmen Thomas McIntosh and Marshall Shepard.

ALERT FOR RIOT

Earlier Tuesday, Leary had announced that Tourigian had been taken off his street beat and assigned to central duties in the Police Administration Building.

Meanwhile, additional policemen were dispatched to north Philadelphia to avert any further riots Tuesday night. There were no disturbances Tuesday night. Crowds in the area got out of hand Saturday night and Monday night. Roaming gangs shattered store windows of shops owned by white merchants in the area and pelted passing cars with bricks and bottles. Police arrested 14 boys Monday night. They later were released in the custody of their parents.

FORCED TO SHOOT

Tourigian said he tried to question the victim, Willie Philpaw Jr., 24, Saturday night about a watch stolen from a store, and that he was forced to shoot when Philpaw came at him with a knife.

Leary earlier had said that Tourigian had "acted merely in the performance of his duty."

In a later statement, Leary said the findings of the investigation will be turned over to the district attorney and the medical examiner who will determine whether the shooting was justifiable.

Cecil B. Moore, president of the Philadelphia Chapter of the National Association for the Advancement of Colored People, had threatened to call upon Negroes not to vote next Tuesday unless Tourigian was suspended and an investigation undertaken.

KING HILL TO BE AVAILABLE

PHILADELPHIA (AP) — King Hill, Philadelphia Eagles quarterback, is expected to be ready Sunday for the Cleveland Browns despite a head injury suffered in last Sunday's National Football League game.

Hill, subbing for the Eagles No. 1 quarterback Sonny Jurgensen, suffered a concussion in the waning minutes of Philadelphia's loss to the Chicago Bears. Jurgensen is out with an injured shoulder.

Dr. James Nixon, team physician, looked at Hill Tuesday and declared him "much improved, and said he should be ready for the game here Sunday.

In case Hill can't start, the Eagles will rely on Ralph Guglielmi, signed last week after the extent of Jurgensen's injury became known.

SAY FAMILY'S BUDGET WILL NOT BE UPSET

By STERLING F. GREEN

Associated Press Staff Writer
WASHINGTON (AP)—Housewives, relax—for the time being anyway.

The government's economists see no danger that the autumn outbreak of price boosts in a dozen industries will unbalance the family budget.

Increases on items ranging from steel and aluminum to carpets and black pepper—was followed—by revival of a New York federal grand jury probe into steel-pricing policies.

UNDERSHORE HARMONY

Coincidental or not, that Justice Department move under-underscored President Kennedy's warning that Uncle Sam is "watching with concern" any price trend that might start an inflationary spiral.

Kennedy's Consumer Advisory Council, set up last year to give consumers a lobby in Washington, announced a special study of recent increases in steel, electrical equipment, aluminum and chemicals.

The council said it wants to find out whether the increases "appear to be justified from the consumer point of view."

MAY BE DECLINE

Arnold E. Chase, price chief for the Bureau of Labor Statistics, told an interviewer:

"The wholesale price index for October may show a decline instead of an increase."

The increases on several steel products, even if passed all along the line to consumers, will be like those of last spring, Chase predicted: a few dollars on a car or tractor, a few dimes on a washer or refrigerator, but no measurable impact on the over-all cost of living.

ADVERTISE IN THE TIMES

Satellite Boosted Toward Polar Orbit

VANDENBERG AIR FORCE BASE, Calif. (AP)—The Air Force says a satellite vehicle was boosted toward polar orbit from this West Coast missile base, but refused to say whether orbit was achieved.

The space shot Tuesday used a Thor-Agena D combination rocket.

The thrust of the intermediate range, liquid-fuel Thor was increased to 330,000 pounds by three solid-fuel rockets strapped to its sides.

Such satellites frequently carry photographic equipment being developed for the Samos space spy system.

NO "REMATCH" OF ONE-PUNCH SOLONS' FIGHT

By GEOFFREY GOULD

Associated Press Staff Writer
WASHINGTON (AP)—Rep.

Henry Gonzalez is ready to fight, either "Marquis of Queensberry rules or alley fight rules." But his intended opponent, Rep. Ed Foreman, says "as far as I'm concerned it's over with."

So no rematch of Tuesday's one-punch fight just off the floor of the House of Representatives is in prospect.

"DISSERVICE"

Gonzalez and Foreman are both Texans. Foreman is 29 and husky. He's a Republican who espouses conservative causes. Gonzalez is 47 and a Democrat who espouses liberal causes.

Foreman said, "I didn't call Gonzalez a pinko or a Communist. What I did say was that his ultra-liberal leftwing voting record was a disservice to the Constitution of the United States and furthers the Socialist-Communist cause."

Gonzalez was angered by a news story that quoted Foreman as calling him a pinko, and confronted his fellow Texan Tuesday on the House floor.

What happened next is in some dispute, but in the speaker's lobby just outside the House chamber Gonzalez gave Foreman a single punch on the shoulder.

"I'd still like to have it out with him man to man, but he's a Joto—that's Spanish for a yellow-livered sissy," Gonzalez said.

Foreman, discussing the incident later in his office, said "I played four years of college football. I'm 6-feet-4 and 200 pounds and I exercise regularly."

Gonzalez said he weighed in at 174½.

Rate Boost Asked By Phone Company

HARRISBURG (AP)—The United Telephone Co. of Carlisle is seeking a \$2,100 a year rate increase for its Howard exchange in Centre County.

The company asked the Public Utility Commission Tuesday to authorize the increase, effective Dec. 23.

The boost would range from 40 cents to \$1 from the 403 subscribers in the exchange.

The company also asked to eliminate a 15-cent toll to the Bellefonte exchange of the Bell Telephone Co., a move expected to save United subscribers \$2,500 a year. Bell already has asked permission to end tolls in the opposite direction.

Finely diced celery mixed with chopped toaster blanched almonds and enough mayonnaise to moisten make a delightful tea-time sandwich spread. This filling is particularly good on brown bread.
